Partnerships across Sub-Saharan Africa

As Africa's Leading Guarantee Specialist, we enjoy quality partnerships with reputable insurers across the continent. Our territorial scope covers Africa south of the equator including Mauritania, Mali, Niger, Chad, Ghana, Nigeria, Eritrea, Sierra Leone, Uganda, Kenya, Democratic Republic of Congo, Liberia, Tanzania and Indian Ocean Islands.

We underwrite contractors from South Africa, Botswana, Namibia, Swaziland, Lesotho and Mauritius.

Construction Insurance

We have a dedicated and specialist team with in-depth expertise and understanding of Engineering and Contractor's All Risk Insurance.

We provide a flexible packaged solution for the Construction Guarantee and the Construction Insurances as per project specifications.

We offer a comprehensive and detailed policy designed to provide protection against losses or damages in respect of the contract works at contract site and Public Liability claims arising in connection with the construction project.

Our product range comprises the following:

- Construction All Risk Insurance
- Public Liability
- Plant All Risk
- Machinery Breakdown
- General Commercial Insurance

Professional Indemnity Insurance

Engineering consulting exposes an engineer to potential litigation. With every consultation the engineer is at risk which needs to be guarded against.

We provide seamless Professional Indemnity insurance cover which protects the individual engineer and the company from financial losses resulting from a claim as a result of negligent acts, negligent breach of contract, negligent omissions and negligent errors including defence costs.
