flexiFED... Attuned to the finer details of healthcare

Two years ago, Fedhealth launched the revolutionary flexiFED range, together with the MediVault system. While this still remains a first and only for the South African medical aid market, we have now refined the details and polished the mechanics. We have stripped away the complications and added what was needed.

With meticulous attention to detail, we are now proud to announce that in 2021 the Fedhealth product is not just a first and only of its kind... it's refined like never before.

**Some of flexiFED's finer details include:**

- Select your own level of day-to-day funds (flexible) or fixed
- Choose to reduce your monthly contribution by either 11% or 25%
- Plans are tailored around YOUR life stage
- Don't pay for certain benefits until you need them with our 30-day upgrade policy
- We pay more from Risk to stretch day-to-day benefits further

When taking a closer look at Fedhealth Medical Scheme, we're especially proud of our **84 years in healthcare, our solvency rate of 43.43%** (as at 31 December 2019), and our **Global Credit Rating of AA- retained for 14 consecutive years**. Proof that we have both the experience and financial savvy to show up for our members when they need us most.

Run by members for members, we put you first by staying on top of the latest healthcare trends and constantly evaluating how we can give you more, whilst remaining as affordable as possible.

Choose Fedhealth to protect your precious health in a way that lets you be YOU.

## UNIQUE TO FEDHEALTH

We are the **only** medical aid scheme that pays for the following unique benefits like unlimited GP benefits, specialised radiodontology and female contraceptives **from your Hospital/Risk cover** – not from your day-to-day funds. **This means you can keep your day-to-day funds (which we'll get to shortly) for other expenses.**

[CLICK HERE TO SEE ALL OUR UNIQUE BENEFITS](#)

**Remember:** The great thing about Fedhealth is that you can choose the cover you need right now... not the cover you might need in future. We're the only medical aid that allows you to upgrade your option at any time of the year if a life-changing event (like pregnancy or diagnosis of serious disease) happens.

STEP  
04

Choose  
your  
level of  
**day-to-day  
benefits**

With Fedhealth, you can choose between **two optional variants** to add a substantial discount.

Full cover at  
**all private  
hospitals**

**ANY HOSPITAL**

The standard **flexiFED** variant offers no additional discounts. **flexiFED 1** is a network hospital option, while **flexiFED 2, 3, and 4** covers planned procedures at any private hospital.

Full cover at  
**network  
hospitals**

**GRID**

In exchange, you must use **Fedhealth's Private Hospital Network** for planned procedures. The network includes over 100 of South Africa's best private hospitals and 90% of our members live within a 10-kilometre radius of these hospitals. You can still use a non-network hospital if you wish, but you will then have to pay a **R12 500 co-payment**. However, the co-payment does not apply in case of emergencies.

Full cover at  
**any private  
hospital** with a  
**co-payment for  
elective surgery**

**Elect**

In exchange, you will be charged a fixed excess of **R12 500** on all hospital admissions, except for emergencies. This excess however only applies to the hospital bill; you could still have co-payments on out-of-network specialists, a procedure co-payment or shortfalls because benefit limits have been exceeded.

Avoid network restrictions with **Sanlam GAP Cover**.

To avoid the network restrictions on Elect and GRID, take **Sanlam Gap Cover from R200 p/m (individuals) and R352 p/m (families)**.

Even with Gap Cover, you will still pay less than the 'any hospital' flexiFED option and you won't have to worry about the co-payments mentioned above.

\* Please note these are 2020 rates. 2021 rates unavailable at time of printing.

### The key to affordable medical aid is understanding what you pay for and what you get.

South African medical aid schemes all work the same way (or until now, at least). The total contribution you pay every month, is **made up of two parts**. The first part is your **Hospital/Risk cover**, which we explained under Step 1, and the second part is your contribution for **day-to-day benefits**, or savings as some call it. The savings portion may be up to 25% of your total contribution.

This means that from Day 1, you pay for both your Hospital/Risk cover and your day-to-day benefits – long before you've used any of it. Basically, you are forced to take out a compulsory loan JUST to have day-to-day benefits you might not even plan on using! This is the main difference between Fedhealth's **flexiFED** range and other medical schemes. We believe that younger, healthier members love the control, flexibility, and affordability we offer, and the fact that it is now their choice to manage their medical aid spend instead of a forced, compulsory loan that remains the norm for all other medical aids.

#### How Fedhealth's day-to-day benefits work

Fedhealth uses the revolutionary MediVault to pay for day-to-day benefits. In the next step we will look at how the MediVault system works in more detail, but for now it's important to understand that the MediVault system makes a pre-determined amount of money available to you for your day-to-day benefits, **but you only pay for the portion of your MediVault allowance that you actually use – not all of it**.

**This is what makes the MediVault a game changer. With other medical aid schemes you pay for your day-to-day funds in full from the beginning of the year... as if you've already transferred your full MediVault from the outset.**  
**Why should you pay for something you haven't used yet?**

### The choice is yours!

With Fedhealth, you choose whether you prefer the control and upfront savings of the MediVault system where you choose a **FLEXIBLE** repayment structure, or the familiarity and simplicity of the old-school **FIXED** repayment structure.

**FLEXIBLE** MONTHLY PAYMENTS

**FIXED** MONTHLY PAYMENTS

Some people are happy to do a little extra admin if it saves them money. For others, convenience and simplicity is key. Whichever means more to you, you can choose how you want to structure your MediVault repayments.

[CLICK HERE TO SEE HOW THEY COMPARE](#)

-  Contact details
-  Download brochure

See how they compare:

What makes our **MediVault** system so unique, is that you can choose to **start paying for your day-to-day benefits when you need to use them** – not from day one.

If you select the **FLEXIBLE** option, you simply transfer funds from your MediVault to your Wallet when you need to pay for day-to-day medical expenses. The funds you transfer to your Wallet are then repaid over 12 months, interest free.

#### What's GREAT about this option?

-  You **don't pay for day-to-day benefits until you use them**. This could save you thousands every month.
-  You **pay less** without compromising on the quality of your Risk benefits.
-  You are in **full control** over how much you pay for your medical aid.
-  You will have **one debit order** each month – made up of your Risk/Hospital cover contribution and your MediVault repayments.
-  Any unused funds in your Wallet will transfer to the next year, so you won't lose it.

#### Why it's not for everybody

-  Your **repayments might change over time**, depending on how much of your MediVault you use

**SUMMARY:** The MediVault FLEXIBLE repayment structure offers you full control over your repayments and could save you thousands. This feature is perfect for someone who wants more control over their medical aid expenses, and doesn't mind a little extra admin to enjoy the perks.

#### MECHANICS: One monthly debit order

On the **FLEXIBLE** structure, your Hospital cover and MediVault repayment will be combined into one monthly debit order which could vary depending on your MediVault usage.

This is medical aid as you know it currently. This option offers you **simplicity and security** by letting us take care of all the admin. The Scheme will transfer a pre-determined amount to your Wallet on 1 January every year – this amount will be pro-rated should you join after 1 January.

This is similar to **how all other medical schemes in South Africa work**. You will know upfront how much day-to-day funds you have available for the year and you'll start to repay that amount every month from the beginning of the year. Both the available funds and repayments will be pro-rated if you join Fedhealth later than January...

#### What's GREAT about this option?

-  **Simplicity** – you choose once and your monthly repayment will never vary.
-  **One debit order** every month.
-  **No admin**, we'll manage your day-to-day funds automatically.

#### Why it's not for everybody

-  Your initial monthly reduction in contributions will be less, because you start repaying your day-to-day benefit immediately.
-  **There is less flexibility.** You have to repay the entire amount allocated to you, whether you use it or not. However, any unused funds will transfer to the next year, so you won't lose it.

**SUMMARY:** The FIXED repayment structure offers you simplicity and repayment security. It's perfect for anyone who prefers minimal admin and effort. You won't enjoy the same flexibility and upfront reduction in contribution, but your day-to-day benefits will simply be there, ready to use whenever you need them. Your monthly repayment will be a set amount, with no surprises.

#### MECHANICS: One monthly debit order

On the **FIXED** structure, your Hospital cover and MediVault repayment will be combined into one monthly debit order that will always be the same amount for the whole year.

## STEP 04

# Choose your **level of day-to-day benefits**

Now that your hospital cover and repayment structure are selected, it's time to take control and select your day-to-day benefits. Day-to-day expenses include all the frequent, everyday medical expenses you have that are not covered under the hospital or risk cover. Think of things like paying for medication at the pharmacy, specialised frames for your glasses and other similar expenses.

**With Fedhealth, affordability is in your hands. We have unlocked ample access to day-to-day benefits for you, and you decide how much... or how little of it you want to use.** 

[BACK TO CONTENTS PAGE](#)

Day-to-day benefits

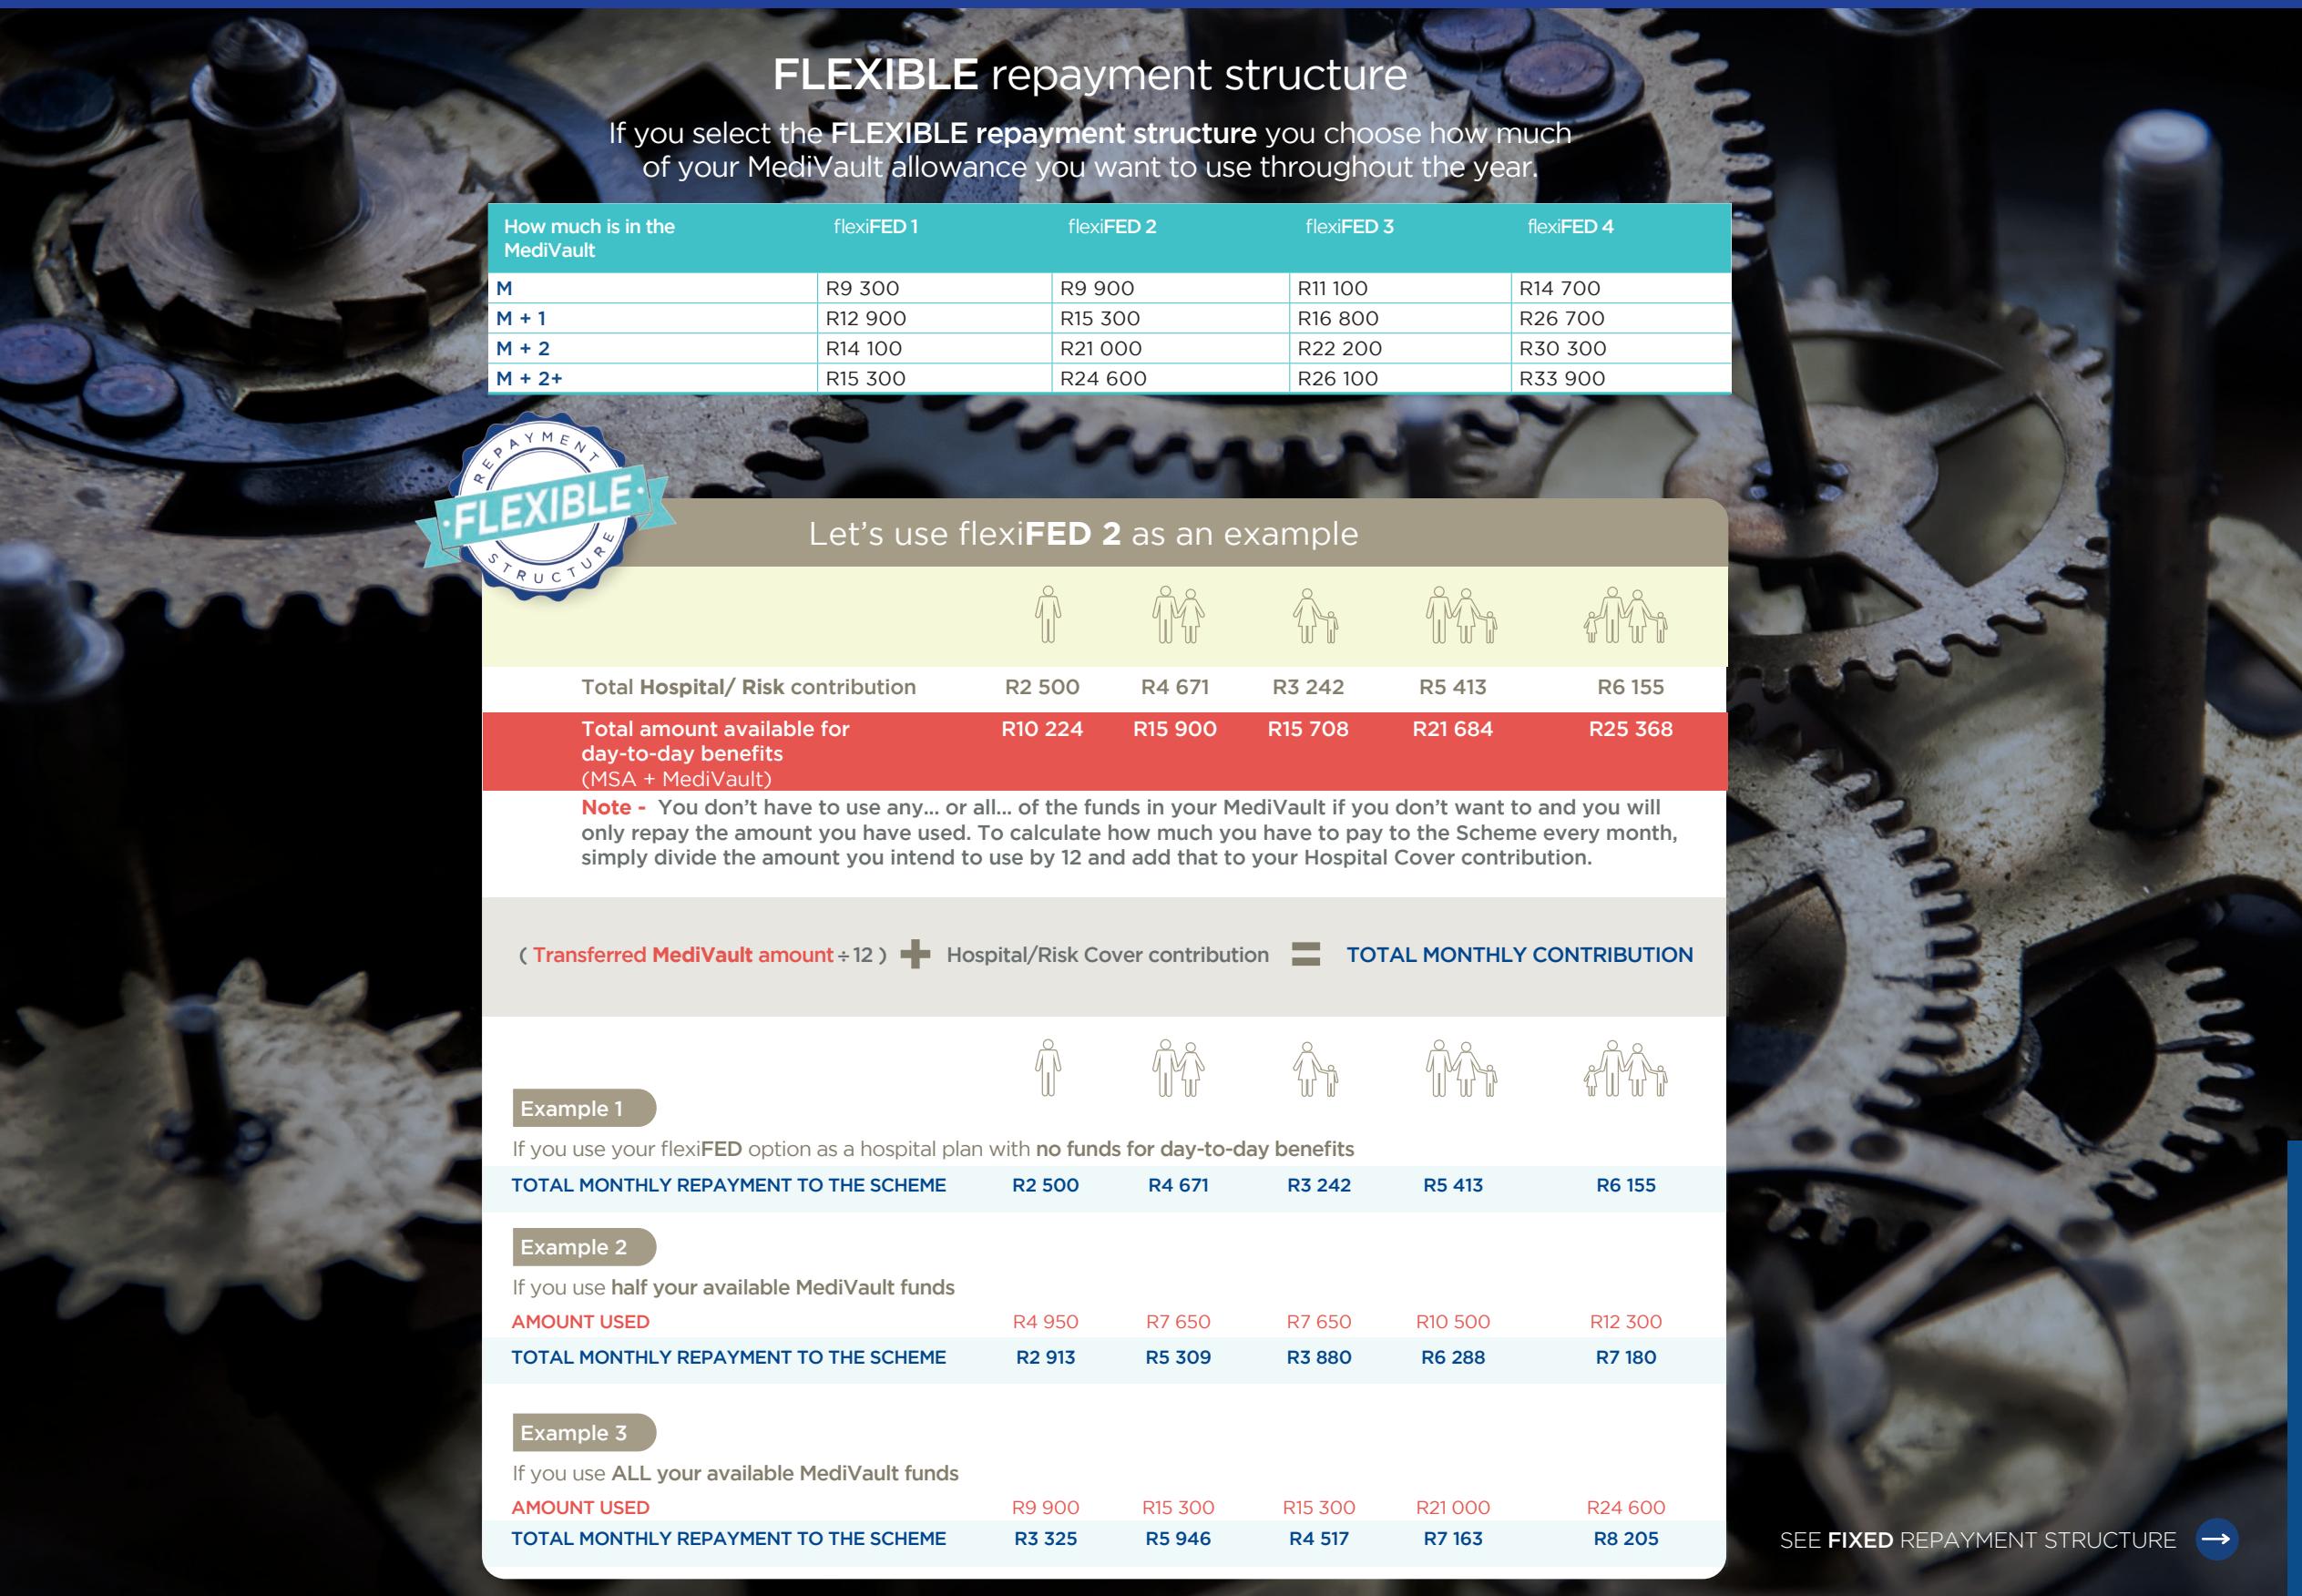

Threshold benefits

The MediVault and Wallet

FIXED Repayment Structure

## STEP 04

# Choose your level of day-to-day benefits

### FLEXIBLE repayment structure

If you select the **FLEXIBLE repayment structure** you choose how much of your MediVault allowance you want to use throughout the year.

How much is in the MediVault	flexiFED 1	flexiFED 2	flexiFED 3	flexiFED 4
M	R9 300	R9 900	R11 100	R14 700
M + 1	R12 900	R15 300	R16 800	R26 700
M + 2	R14 100	R21 000	R22 200	R30 300
M + 2+	R15 300	R24 600	R26 100	R33 900

**FLEXIBLE REPAYMENT STRUCTURE**

Let's use flexiFED 2 as an example

	1 person	2 people	3 people	4 people	5 people
Total Hospital/ Risk contribution	R2 500	R4 671	R3 242	R5 413	R6 155
Total amount available for day-to-day benefits (MSA + MediVault)	R10 224	R15 900	R15 708	R21 684	R25 368

**Note -** You don't have to use any... or all... of the funds in your MediVault if you don't want to and you will only repay the amount you have used. To calculate how much you have to pay to the Scheme every month, simply divide the amount you intend to use by 12 and add that to your Hospital Cover contribution.

( Transferred MediVault amount  $\div$  12 ) + Hospital/Risk Cover contribution = **TOTAL MONTHLY CONTRIBUTION**

	1 person	2 people	3 people	4 people	5 people
Example 1					
If you use your flexiFED option as a hospital plan with no funds for day-to-day benefits					
<b>TOTAL MONTHLY REPAYMENT TO THE SCHEME</b>	<b>R2 500</b>	<b>R4 671</b>	<b>R3 242</b>	<b>R5 413</b>	<b>R6 155</b>

**Example 2**

If you use half your available MediVault funds

AMOUNT USED	R4 950	R7 650	R7 650	R10 500	R12 300
<b>TOTAL MONTHLY REPAYMENT TO THE SCHEME</b>	<b>R2 913</b>	<b>R5 309</b>	<b>R3 880</b>	<b>R6 288</b>	<b>R7 180</b>

**Example 3**

If you use ALL your available MediVault funds

AMOUNT USED	R9 900	R15 300	R15 300	R21 000	R24 600
<b>TOTAL MONTHLY REPAYMENT TO THE SCHEME</b>	<b>R3 325</b>	<b>R5 946</b>	<b>R4 517</b>	<b>R7 163</b>	<b>R8 205</b>

M + 2+	R8 400	R15 000	R15 000	R27 600

#### Let's use flexiFED 2 as an example

RISK contribution - flexiFED 2 R2 500 R4 671 R3 242 R5 413 R6 155

RISK contribution - flexiFED 2<sup>GRID</sup> R2 222 R4 155 R2 882 R4 815 R5 475

RISK contribution - flexiFED 2<sup>Elect</sup> R1 871 R3 502 R2 429 R4 060 R4 618

Fixed amount for day-to-day benefits on ALL flexiFED 2 permutations R4 800 R7 200 R7 200 R11 400 R15 000

Total FIXED monthly contribution to the Scheme for flexiFED 2 R2 900 R5 271 R3 842 R6 363 R7 405

Total FIXED monthly contribution to the Scheme for flexiFED 2<sup>GRID</sup> R2 622 R4 755 R3 482 R5 765 R6 725

Total FIXED monthly contribution to the Scheme for flexiFED 2<sup>Elect</sup> R2 271 R4 102 R3 029 R5 010 R5 868

#### Notes

- You will have one deduction every month for your total repayment.
- The amount will be fixed for the entire year.
- You do not have to transfer funds from your MediVault to your Wallet. This will be done on your behalf at the beginning of every year.

SEE FLEXIBLE REPAYMENT STRUCTURE →

# flexiFED option range

With our flexiFED option range, members can stop paying for cover they don't use. Instead, they can select cover that fits their current needs... but with the option to change when the unexpected happens. It's cover that grows with the member.

## flexiFED 1 Young singles

For young people who are single, in a relationship or married.

### Access to a MediVault for day-to-day benefits

Most people at this life stage prefer hospital plans, but hospital plans have no day-to-day benefits. flexiFED 1 can be like a hospital plan: if you don't use the MediVault you don't pay for it, but should you need it you don't have to rely on family or your bank for a loan. You just access your MediVault and pay it back.

### Unlimited nominated network GP consults from Risk

after day-to-day claims have reached the Threshold level.

### Unlimited accident and emergency treatment

at any private hospital.

### Female contraception

paid from Risk.

### Specialised radiology

for that fall from your MTB.

### Basic maternity benefit

for support with substance abuse and eating disorders, etc.

### Basic dental benefit

### Customised mental health benefit

for support with substance abuse and eating disorders, etc.

### Unlimited private hospital cover for planned procedures

at network hospitals (or the smaller network depending on your choice).

### Unlimited 30-day post hospital benefit

(e.g. physio/ dietician/ OT/ speech).

### Trauma treatment in a casualty ward paid from Risk

for sports or hazardous pursuit injuries (co-pay applies).

### Upgrades within 30 days of a life-changing event,

such as pregnancy or the diagnosis of a dread disease.

### PLUS

HIV screening + flu vaccine

Weight management programme

Smoking cessation programme

Fedhealth Nurse Line for medical advice

MediTaxis post-hospitalisation transport

Fedhealth Family Room rewards

## flexiFED 2 Family start-ups

For young families who are just starting out.

### Access to a MediVault for day-to-day benefits

Many people at this life stage still prefer hospital plans, but hospital plans have no day-to-day benefits. flexiFED 2 can be like a hospital plan; if you don't use the MediVault you don't pay for it, but should you need it, you don't have to rely on family or your bank for a loan. You just access your MediVault and pay it back.

### Customised childhood benefits: ALL PAID FROM RISK

Paed-IQ (telephonic parenting advice line)

Paediatric consultations without referral up to 12 months old

Infant hearing screening benefit

Childhood immunisations

Circumcisions

Trauma treatment in a casualty ward for those falls from the swing

Unlimited nominated network GP consults after day-to-day claims have reached the Threshold level

Childhood illness specialised drug benefit up to 18 years old

Only pay for up to three children, the rest are covered for free

Unlimited cover (PMB level) for neonatal complications, infant cancers, infant injuries and fractures

### Rich maternity benefits:

2x 2D antenatal scans and 8 ante- or postnatal consults with midwife, network GP and gynae

Fedhealth Baby programme

Amniocentesis

Antenatal classes to the value of R1120

Doula benefit

Postnatal midwifery benefit

Rental of a water bath

Paediatrician for the delivery room

We cover natural deliveries, epidurals and C-sections

### Lifestyle benefits:

Female contraception and vasectomies

Unlimited nominated network GP consults from Risk after day-to-day claims have reached the Threshold level

Upgrades within 30 days of a life-changing event, such as pregnancy or the diagnosis of a dread disease

### PLUS

Fedhealth Family Room for valuable pregnancy/baby advice

Fedhealth Nurse Line for medical advice

MediTaxis post-hospitalisation transport

GO BACK

# flexiFED option range

# Overview of the flexiFED structure

Our flexiFED 1, 2, 3 and 4 options free members from one-size-fits-all plans by giving them more control over how they structure their own cover, and how much they pay.

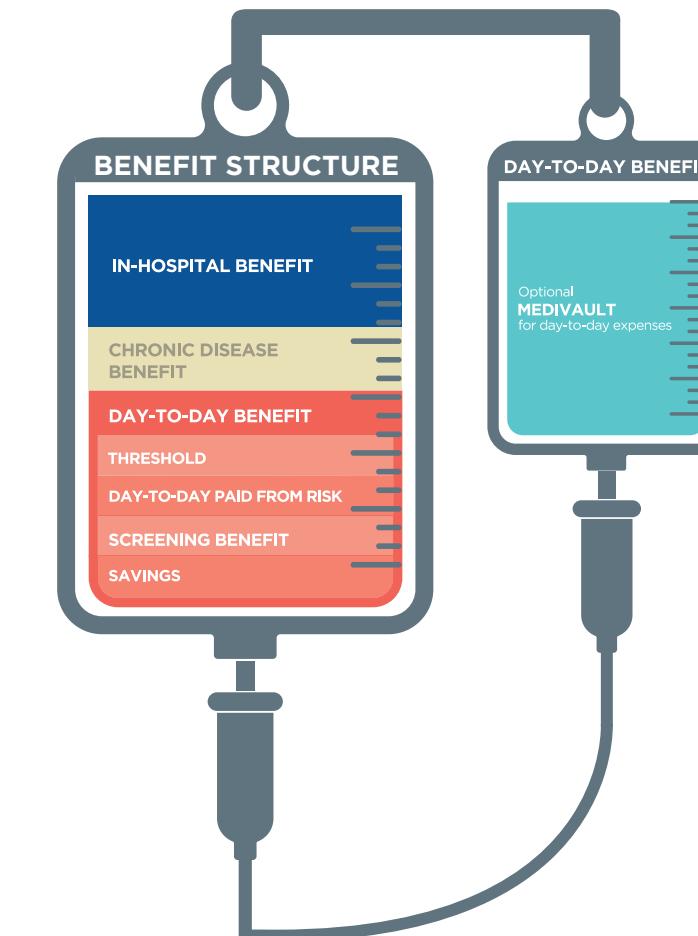

Members start by choosing one of four options, flexiFED 1, 2, 3 or 4, to provide them with in-hospital benefits, chronic benefits, screening benefits, day-to-day benefits and additional benefits.

The next step is having the option to pay lower contributions by choosing between two discounts.

Next, the member also enjoys the advantage of the MediVault - an amount available for their day-to-day medical expenses. They can either choose a **FLEXIBLE** or **FIXED** repayment structure for the MediVault - depending on whether they prefer flexibility and affordability of only paying for what they use, OR the predictability of a set amount allocated at the beginning of the year.

Last but not least, after the member's day-to-day claims have accumulated to the Threshold level, members on flexiFED 1, 2 and 3 still have certain benefits covered from the Threshold benefit, like unlimited network GP visits and dentistry benefits. Members on flexiFED 4 have a comprehensive Threshold benefit. Please see the following pages for more details on the flexiFED Risk benefits and what they offer members.

Control, customisation and choice like never before!

## On flexiFED, members enjoy the following benefits:

- **In-hospital benefit** – Members have no overall annual limit for hospitalisation.
- **Chronic disease benefit** – This benefit covers chronic conditions on the CDL. It's covered in full up to the Medicine Price List if members use medicine on the formulary and obtain it from either one of our Preferred Providers or designated service providers depending on the option. Additional conditions are covered on **flexiFED 3** and **flexiFED 4**.
- **Day-to-day benefits** – Day-to-day expenses on the **flexiFED** option range are first funded from any available Savings the member might have. Once their Savings is depleted, day-to-day expenses can be paid from the Wallet once the member has activated their MediVault and transferred funds to their Wallet, on a **FLEXIBLE** repayment structure, or from the funds allocated to them on 1 January (**FIXED** repayment structure).

Each of the **flexiFED** options has a Nominal Savings contribution. This allows members to transfer/retain any accumulated Savings from a previous option/ scheme when joining a **flexiFED** option. Any member on a **flexiFED** option can also top up this Savings Account at any time up to a maximum annual amount of 25% of their gross contribution. Any claim submitted which is not payable from Risk will be funded from the member's Savings Account first.

- **Threshold benefit**  
*On flexiFED 1, 2 and 3*, the Threshold benefit pays for limited day-to-day expenses once claims have accumulated to the Threshold level.  
*On flexiFED 4* the Threshold benefit pays for comprehensive day-to-day expenses once claims have accumulated to the Threshold level.
- **Day-to-day benefits paid by the Scheme** – We pride ourselves on paying more from Risk so the members' day-to-day benefit lasts longer.
- **Screening benefit** – Preventative screenings and assessments like lifestyle screenings, wellness screenings (includes finger prick glucose and total cholesterol, blood pressure, waist circumference and body mass index (BMI) and physical screenings are covered from this benefit.
- **Savings** – The funds in the member's Medical Savings Account (MSA) will be used first when he or she has day-to-day medical expenses.

# Unlimited private hospital cover for peace of mind

All Fedhealth options have an unlimited in-hospital benefit. Members must obtain pre-authorisation for all planned hospital admissions and in the case of an emergency admission, they must obtain authorisation within two working days after going to hospital.

On certain options, members must use a hospital on the Fedhealth Hospital Network. If they use any other hospital, they will have to pay a co-payment on the hospital account.

The in-hospital benefit covers hospital costs as well as the accounts from doctors, specialists e.g. the anaesthetist and other healthcare providers like the x-ray department.

This benefit also covers selected procedures performed in day wards, day clinics and doctor's rooms. On certain options, members must use day clinics on the Fedhealth Day Clinic Network.

## Cover for hospital admissions

We cover the hospital account from the in-hospital benefit. Specialists and GPs who are on the Fedhealth network are covered in full. Specialists and GPs who are not on the Fedhealth network, are covered up to the Fedhealth Rate.

Referral by a medical practitioner and pre-authorisation is required for physical therapy (physiotherapists), which is covered up to the Fedhealth Rate.

## How Prescribed Minimum Benefits are covered

Prescribed Minimum Benefits or PMBs refer to a basic level of cover for a defined set of conditions.

By law, all medical schemes are required to cover the treatment of 270 hospital-based conditions and 27 chronic conditions, i.e. the Chronic Disease List (CDL), in full without co-payment or deductibles, as well as any emergency treatment and certain out-of-hospital treatment.

This means that all schemes must provide PMB level of care at cost for these conditions. The Medical Schemes Act 131 of 1998 allows schemes to require members to make use of Designated Service Providers (DSPs) in order for a member to be entitled to funding in full. Schemes may also apply formularies – a list of medicines which should be used to treat PMBs, and managed care protocols – based on evidence-based medicine and cost-effectiveness principles to manage this benefit.

Fedhealth has appointed network specialists, network GPs, network hospitals and DSP pharmacies, Clicks, Dis-Chem and MediRite as well as Pharmacy Direct, Clicks Direct Medicines and Dis-Chem Direct, courier pharmacies, for the provision of PMBs. If a DSP is required on your option, a 40% co-payment will apply if you don't use a DSP. Members must use a Fedhealth Network Specialist and a nominated network GP in order for the cost to be refunded in full.

Should you not use these DSPs for the treatment of a PMB condition, the Scheme will reimburse treatment at the non-network rate. Co-payments are applicable to the voluntary use of non-DSPs. Referral must be obtained from a Fedhealth Network GP for consultations with Fedhealth Network Specialists.

If referral is not obtained, there will be a co-payment on specialist claims paid from the Risk benefit. The co-payment depends on your option.

**Please note:** Qualification for reimbursement as a PMB is not based solely on the diagnosis (condition), but also on the treatment provided (level of care). This means that although a member's condition may be a PMB condition, the Scheme would only be obliged to fund it in full if the treatment provided was deemed to be PMB level of care.

## Co-payments on certain procedures

For some treatments and procedures, members must pay an amount out of their own pocket. This is called a co-payment. Co-payments apply to the hospital account and/or certain procedures, depending on the option.

## Treatment for emergencies

To qualify as an emergency, the condition must be unexpected and require immediate treatment. This means that if there is no immediate treatment, the condition might result in lasting damage to organs, limbs or other body parts, or even in death. If the member is on a network hospital option, treatment of an emergency medical condition may take place at any hospital, but once their condition has stabilised and they can be safely transferred to a network hospital, the co-payment will apply if they opt not to be transferred.

We pay for **unlimited** private hospitalisation!

# Day clinic/ doctor's room procedures covered from the in-hospital benefit

We cover certain procedures **unlimited** from the hospital benefit if done in a day ward, day clinic or doctor's rooms!

The following procedures will be paid from the in-hospital benefit if done in a day clinic, day ward or an outpatient section of a hospital. Some may incur a procedure co-payment. Overnight admissions will not be covered except for Prescribed Minimum Benefits.

These procedures must be pre-authorised. If the procedure is performed without pre-authorisation, the full amount will be paid from day-to-day benefits or self-funded by the member and will not accumulate towards the Threshold level.

If authorisation is requested after the procedure has taken place, a R1 000 penalty will apply which will be paid from day-to-day benefits or self-funded by the member, without accumulating to the Threshold level.

**Members on the following options flexiFED 1, flexiFED<sup>2</sup><sub>GRID</sub>, flexiFED<sup>3</sup><sub>GRID</sub> and flexiFED<sup>4</sup><sub>GRID</sub> will incur a R2 000 co-payment on the voluntary use of non-network day clinics.**

## Gynaecology

Bartholin cyst - drainage/excision/marsupialisation  
Cauterization of warts  
Cervical cerclage  
Colposcopy  
Fine needle aspiration - cytology  
LETZ of cervix  
Dilatation and Curettage  
Endometrial ablation  
Hysteroscopy  
Insertion of IUD (Intra-uterine Device)  
Labiaplasty

## Urology

**Adults**  
Bilateral total orchidectomy for prostate cancer  
Bladder biopsy (cancer and other conditions)  
Bouginage for urethral stricture  
Circumcision  
Cystoscopy & ureteral dilation  
DJ stent removal post pyeloplasty  
Hydrocelectomy for vaginal hydrocoele  
Inguinal hernia repair  
Open cystolithotomy for bladder stone  
Prostate biopsy (cancer and other conditions)  
Renal calculus removal & stent insertion  
Scope and pyelogram  
Second stage urethroplasty post stage 1  
Testicular biopsy for infertility  
Urethroscopy for bladder outlet obstruction  
Varicocelectomy for varicocele  
Vasectomy  
Vasostomy  
**Paediatrics**  
Circumcision for intact prepuce  
Glandulo-cavernous shunt for priapism  
Hydrocelectomy for congenital

## Orthopaedics

Arthrocentesis  
Arthrodesis of hand/elbow/foot  
Arthroscopy  
Arthrotomy of finger/hand/elbow/knee/hip/toe  
Aspiration/intra-articular injection of joints  
Bunionectomy  
Carpal Tunnel release  
Cast/application removal  
Ganglionectomy  
Injection of tendon/ligament/trigger points/ganglion cyst  
Injection therapeutic carpal tunnel  
Insertion or removal of K wires or other internal fixatives  
Radical nail bed removal

## General Surgery

Anal dilatation/Anoscopies/fissures and fistula repair  
Breast biopsy/ removal lump  
Colonoscopy  
Drainage of abscesses/hematomas/cysts (subcutaneous/submucosal)  
Excision lipoma/cysts/tumours  
Excision of sweat glands (axilla/inguinal) and simple

hydrocoele  
Meatotomy for meatal stenosis  
Orchidopexy for undescended testis  
Urethroscopy for urinary incontinence  
repair  
Gastroscopy/oesophagogastroduodenoscopy  
Haemorrhoidectomy  
Inguinal hernia repair  
Lymph node/muscle/skin/bone and breast biopsy  
Proctoscopy and removal of polyps  
Resection/debridement of multiple nails (6 plus)  
Sigmoidoscopy  
Umbilical hernia repair  
Wound debridement (skin/subcutaneous tissue)

## ENT Surgery

Adenoidectomy  
Antrostomy  
Diathermy to nose and pharynx (under LA)  
DPP (Diagnostic Proof Puncture)  
ENT Endoscopy  
Middle ear procedures (mastoidectomy, tympanoplasty/stapedectomy)  
Myringotomy (including aspiration and incision) and/or grommets  
Nasal bleeds (control)  
Reduction of nose fracture  
Rhinoplasty  
Septoplasty  
Sinus related surgery (ethmoidectomy/sinusotomy and lavage)  
Tonsillectomy  
Turbinectomy  
Tympanoplasty

## Ophthalmology

Cataract surgery  
Foreign body removal  
Intra ocular injection e.g. Avastin, including Glaucoma  
Laser Surgery  
Posterior and Anterior Vitrectomy  
Probing & repair of tear ducts  
Pterygium (conjunctiva)  
Removal of pterygium  
Strabismus repair

## Oral and Maxillofacial Surgery

Apisection  
Frenectomies  
Gingival Graft  
Implantology  
Orthodontic Attachment  
Pulpotomy and fillings  
Wisdom or Impacted Teeth removal  
Extractions

## Plastic and Reconstructive Surgery

Repair wound with layers (scalp/axillae/trunk/limbs)  
Repair wound lesions (scalp/hands/neck/feet/face)  
Excision of benign lesions (scalp/neck/hands/feet/trunk/limbs)  
Excision of malignant lesions (+ flap if required)

## Procedures performed in a doctor's room or suitably equipped procedure room

The following procedures will

be paid from the in-hospital benefit if performed in a doctor's room or suitably equipped procedure room, at up to 100% of the Fedhealth Rate. Pre-authorisation must be obtained and should no pre-authorisation take place, reimbursement will be restricted to the member's available day-to-day benefit or self-funded by the member. This will not accumulate to the Threshold Level:

*Gastroscopy (no general anaesthetic will be paid for)  
Colonoscopy (no general anaesthetic will be paid for)  
Flexible sigmoidoscopy  
Indirect laryngoscopy  
Removal of impacted wisdom teeth  
Intravenous administration of bolus injections for medicines that include antimicrobials and Immunoglobulins (payment of immunoglobulins is subject to the Specialised Medication Benefit)  
Fine needle aspiration biopsy  
Excision of nailbed  
Drainage of abscess or cyst  
Injection of varicose veins  
Excision of superficial benign tumours  
Superficial foreign body removal  
Nasal plugging for epistaxis  
Cauterisation of warts  
Bartholin cyst excision*

Elbow, hip, knee and shoulder replacement	See combined benefit limit for all unlisted internal prosthesis*	R29 900		
Total ankle replacement	No benefit			See combined benefit limit for all unlisted internal prosthesis*
Intraocular lenses (per lens)	Unlimited at cost at PMB level of care	R3 400		
* Combined benefit limit for all unlisted internal prosthesis		R26 900		

# Examining our cancer cover

At Fedhealth you can upgrade your option any time of the year on diagnosis of cancer.

## Oncology Disease Management

Fedhealth supports cancer patients in their time of need, and diagnosed members are encouraged to register on the Fedhealth Oncology Programme by calling **0860 100 572**. The Scheme offers all members the opportunity to change to a higher option within 30 days of a life-changing event or diagnosis. This ensures that those with cancer can get access to medication that will help them to remain economically active, with all the support they need to deal with this stressful diagnosis.

We require a clinical summary of each member's case: this must include the history, ICD-10 codes, the clinical findings of the doctor, as well as the test results confirming the cancer and the specific type of cancer. The proposed treatment plan must be submitted so that the oncology team can approve the appropriate therapy. Our caring agents will guide the member through the process.

Members can access the oncology benefit by obtaining pre-authorisation from the Oncology Disease Management team. The team comprises highly skilled healthcare professionals who work in conjunction with the treating doctor to ensure that treatment provided is both clinically appropriate and cost-effective. A set of cancer guidelines and protocols are used during the pre-authorisation process. These guidelines are continually updated as new products are launched and new treatment protocols are established. In addition, our team is supported by a number of oncologists and haematologists from the private, public and academic sectors.

On **flexiFED 1**, oncology is covered unlimited at PMB level of care at the designated service provider, ICON, subject to Level 1 treatment protocols. A 40% co-payment applies where a DSP is not used.

On **flexiFED 2** and **flexiFED 3**, oncology is covered up to R300 200 per family per year at the designated service provider, ICON, subject to Level 1 treatment protocols. A 40% co-payment applies where a DSP is not used.

On **flexiFED 4**, oncology is covered up to R480 400 per family per year at the designated service provider, ICON, subject to Level 1 treatment protocols. A 40% co-payment applies where a DSP is not used.

## Independent Clinical Oncology Network (ICON)

ICON provides Fedhealth's active oncology treatment. ICON is a network of oncologists that includes 75% of all practicing oncologists in South Africa. To find an ICON network specialist, you can call **0860 002 153**.

## Chemotherapy and associated medicine

Chemotherapy and medicine directly associated with the treatment of cancer will be paid from the oncology benefit,

provided a valid authorisation has been obtained. The treating doctor must submit a treatment plan to Oncology Disease Management, [cancerinfo@fedhealth.co.za](mailto:cancerinfo@fedhealth.co.za). Once treatment has been authorised, the member and doctor will receive an authorisation letter. Treatment for conditions not directly related to the treatment of the cancer (e.g. depression) as well as treatment for the long-term conditions that may develop as the result of chemotherapy or radiotherapy, will be funded from an alternative benefit (i.e. the Chronic Disease Benefit or the Savings Account/ Wallet).

**On flexiFED 1, flexiFED<sup>2</sup>GRID and all Elect options:** Chemotherapy, as well as medicine and consumables directly associated with the treatment of cancer, should be obtained from the Oncology Pharmacy Network and in accordance to the oncology Preferred Product List (PPL) - non-use of these will result in a 25% co-payment.

## Radiotherapy

Radiotherapy will be paid from the oncology benefit, provided a valid authorisation has been obtained. The treating doctor must submit a treatment plan to Oncology Disease Management. Once treatment has been authorised, the member and doctor will be sent an authorisation letter.

## Specialised medication

Specialised medication is medication that is focused on a defined group of patients, diseases, skills, or philosophy e.g. biologicals - oncology and non-oncology. **Specialised medication is covered on our maxIFED options only.**

## Consultations and visits

Oncologist consultations and hospital visits are paid from the oncology benefit while the member has either an active chemotherapy or radiotherapy authorisation. Hospital visits are pre-authorised at the same time as the authorisation for chemotherapy or radiation treatment. You will receive an authorisation letter detailing the number of visits authorised and the period for which these visits are authorised.

## Pathology

Oncology-related pathology claims are paid from the oncology benefit while the member is receiving treatment (either chemotherapy or radiotherapy), provided that the member has a valid authorisation. A list of appropriate pathology codes has been defined and claims for these services are automatically paid from the oncology benefit (a separate pre-authorisation is therefore not required).

## Radiology

### General radiology

General oncology-related radiology claims are paid from the oncology benefit while the member is receiving treatment (either chemotherapy or radiotherapy), provided that the member has a valid authorisation. A list of appropriate radiology codes has been defined and claims for these services are automatically paid from the oncology benefit (i.e. a separate pre-authorisation is not required).

## Specialised radiology

Specialised radiology (e.g. CT scans, MRIs, angiography, radioisotopes) requires a separate pre-authorisation. These pre-authorisations must be obtained from the Authorisation Centre. Specialised radiology is paid from Risk. A co-payment for non-PMB MRI/CT scans will apply on all options.

## PET scans

PET scans are limited to two per family per annum restricted to staging of malignant tumours. PET scans are paid from the oncology benefit. **flexiFED 1** does not have a PET scan benefit.

## Surgery and hospitalisation

Claims for surgery and hospitalisation will be paid from the in-hospital benefit, provided that the member obtains a valid authorisation from the Authorisation Centre.

## Stoma therapy

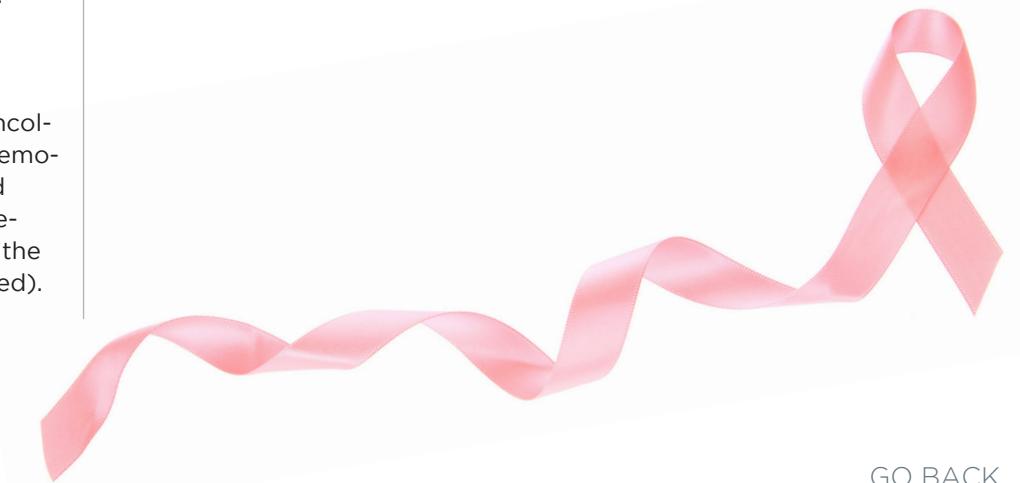

Stoma therapy will be paid from Risk. Pre-authorisation is not required.

## Terminal care and private nursing

Accommodation in a hospice or terminal care facility for the care of patients in terminal stage of life will be covered from the Terminal Care Benefit covered up to R33 300 per family per year. Pre-authorisation must be obtained from the Hospital Authorisation Centre. Private nursing will be paid from the Alternatives to Hospitalisation benefit, where this is available.

## Post-active treatment

Post-active refers to the time when the member actually had last active treatment (e.g., hormone therapy, chemotherapy or radiotherapy). "For life" means that the member will remain on the oncology programme as long as the cancer is in remission. Whilst in remission, a list of appropriate consultation, radiology and pathology codes has been defined and claims for these services are automatically paid for life from the oncology benefit. Should the condition regress, the active treatment benefit will be reinstated upon submission of a new treatment plan.

## Taking care of every important detail during pregnancy and birth

Fedhealth provides rich maternity benefits across the **flexiFED** option range, so that parents-to-be can focus on the joy of their pregnancy journey, while we take care of the rest.

**Some of the maternity and childhood benefits members can expect (depending on the option):**

### Maternity benefits

- Two x 2D antenatal scans
- Eight ante- and postnatal consultations with a midwife, network GP or gynaecologist on **flexiFED 2**. Twelve ante- and postnatal consultations with a midwife, network GP or gynaecologist on **flexiFED 3** and **flexiFED 4**
- Antenatal classes up to R1 120
- Amniocentesis
- Fedhealth Baby Programme – a free programme for all expecting beneficiaries offering support, advice and a free Fedhealth baby bag filled with baby goodies
- Private ward cover (when available) for delivery on **flexiFED 3** and **flexiFED 4**
- Doula benefit – we offer R3 000 per delivery for a doula (birthing coach) to assist mom during natural childbirth
- Postnatal midwifery benefit – we provide four consultations per delivery with a midwife in- and out-of-hospital

### Great childhood benefits

- Paed-IQ – free access to a 24/7 paediatric telephonic advice line
- Paediatric consultations – without referral from a GP, up to 12 months of age on **flexiFED 2** and up to 24 months of age on **flexiFED 3** and **flexiFED 4**
- Infant hearing screening benefit – we offer one test from birth up to the age of eight weeks with an audiologist up to the Fedhealth Rate.
- Childhood immunisations – immunisation from birth up to 12 years as per the state EPI
- Optical Screening for children aged 5 to 8 years - 1 per lifetime on **flexiFED 4**
- Trauma treatment in a casualty ward – we cover emergency treatment, like stitches, in a casualty ward, whether the member is admitted to hospital or not. Authorisation must be obtained and a co-payment of R630 applies for non-PMBs
- Childhood illness specialised drug benefit up to 18 years old on **flexiFED 2, 3 and 4**
- Child rates up to the age of 27 – financially dependent children up to 27 are covered under child rates, provided they don't earn more than the maximum social pension
- Only pay for three children – we cover fourth and subsequent children for free

### Appliances

We pay for breast pumps and nebulisers from the member's Savings/ Wallet provided they have a NAPPI code. This will accumulate to Threshold up to the appliances, external accessories and orthotics limit.

# A closer look at our chronic medicine benefit

## Prescribed Minimum Benefit conditions

All options have a benefit for the 27 chronic conditions on the Prescribed Minimum Benefit Chronic Disease List (CDL). The benefit covers medication for the list of CDL conditions paid from a formulary and must be obtained from either the DSP or a preferred provider, depending on the option.

## Chronic Disease Benefit

This benefit covers the conditions on the CDL. Some options cover additional conditions.

## Chronic Disease List

Conditions on the CDL are covered in full, provided members use either the Scheme's DSPs or preferred providers (depending on the option) as well as medicine on the formulary applicable to their option. If the DSP or medicine on the formulary are not used, the member will have to pay a 40% co-payment on the cost of the medicine.

## Medication for additional chronic conditions

Certain options cover medicine for additional chronic conditions. The medicine for these conditions is paid from an annual limit and will be covered in full up to the Medicine Price List rate.

## The Medicine Price List

Medication will be covered at the Medicine Price List (MPL) rates up to the limits as specified on the chosen option. MPL is a reference price list that benchmarks each product against generically similar products. It does not restrict the member's choice but limits the amount that the Scheme will refund for each product.

We provide **unlimited** chronic medication cover for PMBs!

Chronic conditions covered on all options	Additional chronic conditions covered on certain options
Addison's Disease	Acne
Asthma	(up to the age of 21) flexiFED 4, flexiFED 3
Bipolar Mood Disorder	Allergic rhinitis
Bronchiectasis	(up to the age of 18) flexiFED 4, flexiFED 3
Cardiac Failure	Ankylosing Spondylitis
Cardiomyopathy	Anorexia Nervosa
COPD/ Emphysema/ Chronic Bronchitis	Attention Deficit
Chronic Renal Disease	Hyperactivity Disorder
Coronary Artery Disease	(from 6 to age 18) flexiFED 4, flexiFED 3
Crohn's Disease	Bulimia Nervosa
Diabetes Insipidus	Depression
Diabetes Mellitus Type-1	Dermatomyositis
Diabetes Mellitus Type-2	Eczema
Dysrhythmias	(up to the age of 18) flexiFED 4, flexiFED 3
Epilepsy	Generalised Anxiety
Glaucoma	Disorder
Haemophilia	Narcolepsy
HIV	Obsessive Compulsive
Hyperlipidaemia	Disorder
Hypertension	Panic Disorder
Hypothyroidism	Paraplegia/ Quadriplegia
Multiple Sclerosis	flexiFED 4 (associated medicine)
Parkinson's Disease	Post-Traumatic
Rheumatoid Arthritis	Stress Disorder
Schizophrenia	Scleroderma
Systemic Lupus Erythematosus	Tourette's Syndrome
Ulcerative Colitis	flexiFED 4

## Obtaining chronic medicine

Medicine for HIV and AIDS must be obtained from Pharmacy Direct otherwise a 40% co-payment will apply.

On **flexiFED 1**, members must obtain chronic medicine from one of the Scheme's designated service providers. If they fail to do so, they will have to pay a 40% co-payment. Fedhealth's designated service providers for this option are Clicks, Dis-Chem, MediRite and the following courier pharmacies: Pharmacy Direct, Clicks Direct Medicines and Dis-Chem Direct.

On all **Elect** options, members must obtain chronic medicine from one of the Scheme's designated service providers. If they don't get their medicine from a DSP, they will have to pay a 40% co-payment. Fedhealth's designated service providers for these options are the following courier pharmacies: Pharmacy Direct, Clicks Direct Medicines and Dis-Chem Direct.

On **flexiFED 2GRID**, members must obtain chronic medicine from one of the Scheme's designated service providers. If they don't get their medicine from a DSP, they will have to pay a 40% co-payment. Fedhealth's designated service providers for this option are Clicks, Dis-Chem, MediRite and the following courier pharmacies: Pharmacy Direct, Clicks Direct Medicines and Dis-Chem Direct.

On all other options, members can obtain their chronic medicine from any of our preferred provider pharmacies namely Clicks, Dis-Chem, MediRite and the following courier pharmacies: Clicks Direct Medicines, Dis-Chem Direct and Pharmacy Direct. These preferred provider pharmacies ensure price certainty for members when obtaining medication. Members may use any pharmacy, however if a dispensing fee in excess of 25%/R26.50 is charged, the member will have to pay the difference.

# Cover for your mental health

The World Health Organisation defines mental health as a state of wellbeing in which an individual realises his or her own abilities, can cope with the normal stresses of life, can work productively and is able to make a contribution to his or her community.

Mental health is fundamental to our collective and individual ability as humans to think, emote, interact with each other, earn a living and enjoy life.

Fedhealth covers up to 21 days in hospital for psychotherapy.

Fedhealth supports members with mental health conditions by making the following benefits available to members:

#### Mental Health Resource Hub

Fedhealth members can access the Mental Health Resource Hub to help them navigate credible mental health information and guide them to necessary support channels should they need to speak to someone.

It's available via the Fedhealth Family Room online member portal or go to <http://www.medscheme.com/mental-wellness-resource-hub/>

#### Emotional Wellbeing Programme

Fedhealth's Emotional Wellbeing Programme, available to all Fedhealth members and beneficiaries offers a psychosocial wellbeing service for members that equips them to make the necessary changes to improve their quality of life.

It's run by a call centre and is available 24/7 through various channels such as telephone, email, SMS and a call-back facility.

This programme offers Fedhealth members:

- Wellbeing communications on relevant and trending psychosocial, financial and legal wellbeing themes to ensure optimal wellbeing and encourage healthy decision-making
- Access to a multi-disciplinary team of wellbeing professionals
- Wellbeing information and advice via a dedicated call centre for topics like personal and occupational coaching, trauma, legal wellbeing and financial wellbeing
- Referral to in-person coaching at a reduced rate for Fedhealth members
- Care coordination and management to assist with risk screening to facilitate convenient access to the appropriate service
- Tele-coaching where a personal coach provides immediate, professional tele-coaching on psychosocial, financial and legal issues.

Call **087 365 8664** to access this service.

#### Chronic Benefit

Chronic medication for mental health conditions is limited to Prescribed Minimum Benefits on **flexiFED 1** and **flexiFED 2**, while **flexiFED 3** has a R3 100 limit per family for funding of chronic medication for selected non-PMB diagnoses such as depression, anxiety and post-traumatic stress disorder.

Funding of chronic medication for non-PMB mental health conditions on **flexiFED 4** is limited to a diagnosis list and chronic limits: refer to page 46 for more information.

#### Ambulatory Care Plans

A care plan is a list of the type and number of services that's likely to be needed for management of a diagnosis in an out-of-hospital setting. Fedhealth will cover these costs from your available Scheme limits, subject to the use of the Fedhealth Network Providers. Once your Scheme limits are used up, further services, as listed in your care plan, will continue to be paid from Risk. To ensure payment from the correct benefit, make sure that every claim sent has an ICD-10 code reflected on it.

The Prescribed Minimum Benefits allows for a combined benefit of up to 21 days in-hospital or up to 15 out-of-hospital psychotherapy sessions for major affective disorders. These out-of-hospital psychotherapy sessions are made available as part of your care plan on request from your treating healthcare provider.

#### In-hospital Benefits

As above, the Prescribed Minimum Benefits allows for a combined benefit of up to 21 days in-hospital or up to 15 out-of-hospital psychotherapy sessions for major affective disorders. Admission into a facility for a mental health diagnosis requires authorisation which your doctor should obtain.

#### Factors to consider before an admission:

- Is your doctor on the Fedhealth Network?

All Scheme options have a GP and specialist network applicable. Should you choose not to make use of network providers, the Scheme will only refund treatment up to the Fedhealth Rate for non-network GPs and specialists. You will have a shortfall should the healthcare professional charge more.

- Is the hospital/facility that you are being admitted to part of the network list applicable to your option?

- All GRID options utilise the Mental Health Hospital Network and admission to a non-network facility will attract a R12 500 co-payment.  
- All admissions for members on the Elect options will attract a R12 500 co-payment.

#### Mental Health Programme Available on **flexiFED 4** only

Fedhealth's Mental Health Programme is available to all qualifying members who've been diagnosed with mental health conditions including depression and bipolar mood disorder.

The programme uses innovative solutions for member empowerment and education with the aid of a dedicated Care Manager. Email [mentalhealth@fedhealth.co.za](mailto:mentalhealth@fedhealth.co.za) for more information.

# Network hospital lists

Please note that this list may change/expand during the year. Please contact the **Fedhealth Customer Contact Centre on 0860 002 153** or refer to the website for the latest **flexiFED** Network Hospital and Day Clinic list.

# Sanlam gap cover

Sanlam Gap Cover assists in covering your additional medical expenses.

To avoid the network restrictions on the flexiFED Elect and GRID options, you can take up Sanlam Gap Cover from **R200 p/m** (individuals) and **R352 p/m** (families). Even with gap cover in place, you will still pay less than for the standard flexiFED option and you won't have to worry about selected co-payments. Here's more information about Sanlam's Gap Cover product:

## What is gap cover?

Even if you're a member of a medical scheme, you're not always fully covered for all in-hospital expenses. In most cases there's a difference between what a specialist charges in-hospital, and what your medical scheme will cover. As the medical scheme member, you remain liable for the additional medical expenses. Gap cover ensures that you would not have to pay this unexpected cost from your own pocket (T&Cs apply).

			
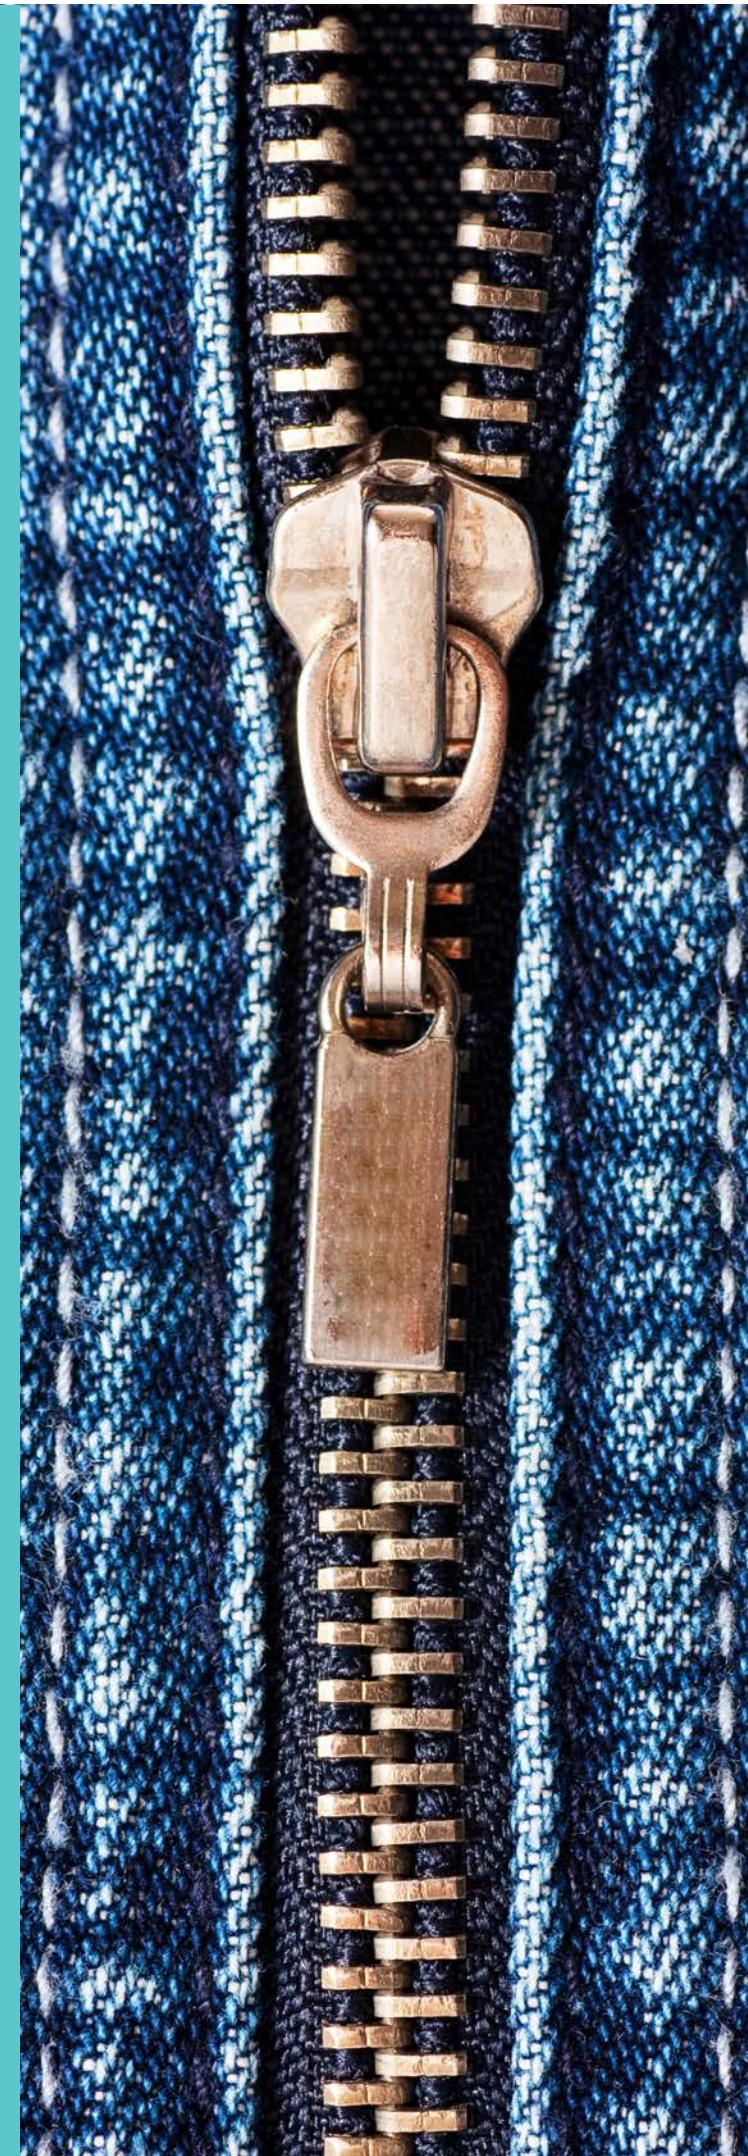

Individuals younger than 60 years	Individuals older than 60 years	Families younger than 60 years	Families older than 60 years
<b>R200</b>	<b>R400</b>	<b>R352</b>	<b>R700</b>

\* Please note these are 2020 rates. 2021 rates unavailable at time of printing.

## Contact information

Call **0861 111 167**, send an email to [sanlaminfo@kaelo.co.za](mailto:sanlaminfo@kaelo.co.za) or visit [www.sanlamgapcover.co.za](http://www.sanlamgapcover.co.za)

This is not a medical scheme and the cover is not the same as that of a medical scheme.  
This policy is not a substitute for medical scheme membership.  
Sanlam Gap Cover is underwritten by Centriq Insurance Company Limited (FSP: 3417)  
Administered by Kaelo (Pty) Ltd. (FSP: 36931)  
Sanlam Life Insurance Limited is a Licensed Financial Services Provider.

## Sanlam Comprehensive Gap Cover 2021 Benefits

<b>Hospital Tariff Shortfall Benefit</b>	Provides an <b>Additional 500%</b> of the medical aid rate, covering shortfalls for all service providers such as surgeons, radiologists, pathologists and physiotherapists. Also includes cover for Prescribed Minimum Benefits (PMBs). Shortfall benefits are limited to R172 000 per insured per year.
<b>Oncology Shortfall Benefit</b>	Provides an <b>Additional 500%</b> of the medical aid rate, to cover oncology treatment shortfalls.
<b>Oncology Co-payment Benefit</b>	Provides <b>full cover</b> for the 20% oncology related co-payments imposed by medical aids.
<b>Oncology Booster Benefit</b>	When a medical scheme imposes an overall annual limit on oncology treatment and the benefit has been exhausted, the Oncology Booster Benefit provides full cover to the statutory maximum of <b>R172 000</b> per insured per annum.
<b>Co-payment &amp; Deductible Benefit</b>	Provides <b>full cover</b> to the statutory maximum of R172 000 per insured per annum for fixed co-payments applied to defined surgical procedures,basic in-patient dentistry and diagnostic services such as MRI /CT / PET scans and scopes.
<b>Penalty Benefit</b>	R15 800 or a percentage penalty co-payment that does not exceed 30%, per family, per event per annum is provided.
<b>Innovative medicines</b>	A value equal to the lesser of 25% of the total drug cost or <b>R10 000</b> as it relates to Innovative Medicines. Approval for any innovative drugs will be required by your medical scheme.
<b>Sub-limit Enhancer</b>	Provides up to an <b>Additional R55 220</b> per event when a medical scheme imposes an overall annual limit, known as a sub-limit, on certain in-hospital medical procedures such as prosthetic devices or when a shortfall occurs.
<b>Casualty Benefit</b>	Provides up to <b>R15 600</b> cover per event for all services delivered in the casualty ward, relating to an accident (physical injury that requires immediate medical attention), even if the costs are paid from the medical scheme's savings account.
<b>Family Booster Benefit</b>	For a premature birth (more than six weeks before the due date), a lump sum of <b>R14 000</b> will be paid.
<b>Hospital Cash Benefit</b>	A lump sum payment, related to the length of the hospital stay, will only be payable for accidents and pre-mature births – six weeks or earlier, subject to a maximum of <b>R26 114</b> per beneficiary per year. <ul style="list-style-type: none"><li>• Day 1 to 13: R400 per day</li><li>• Day 14 to 20: R780 per day</li><li>• Day 21 to 30: R1 560 per day</li></ul>
<b>Family Protector Benefit</b>	On the death or permanent disability of an Insured as a result of accidental harm, a lump sum of <b>R30 000</b> is payable.
<b>Dental Reconstruction Benefit</b>	If dental reconstruction is required as a result of trauma or oncology treatment, all related costs up to <b>R49 900</b> per event will be covered.
<b>Medical Scheme and Gap Cover Premium Contribution Waiver Benefit</b>	If the principal member of the medical aid is involved in an accident/trauma or becomes permanently disabled, the medical aid contributions will be covered with a lump sum up to a maximum amount of <b>R34 815</b> paid upfront to the claimant. The Sanlam Gap Cover policy premium will also be waived for these six months.
<b>Road Accident Fund Benefit</b>	Assistance for Road Accident Claims where the policyholder was not at fault in the vehicle accident.

## Treatments not paid for by Gap Cover

- Certain treatments such as specialised dentistry and treatment for cosmetic surgery.
- Claims older than six months.
- Any claim that is excluded or rejected by the Insured's medical scheme.
- Day-to-day claims, unless otherwise specified.
- Claims not approved by, excluded by or paid as an ex-gratia by the medical scheme.

Child dependants covered up to the age of 27. In addition, parents who are financially dependent on the Insured will be excluded and will be required to take out their own Sanlam Gap Cover policy.

The full list of exclusions is available in the Sanlam Gap policy document.

## Waiting periods

The following waiting periods may apply:

- A general waiting period of three months on all benefits.
- A 12-month condition specific waiting period for pre-existing conditions for which you received advice, treatment or diagnosis during the 12 months prior to the cover commencing.

# Cover for Day-to-day expenses

At Fedhealth, we pride ourselves on covering more from Risk than other medical schemes to help our members' day-to-day benefits last longer. Here's a breakdown of the different ways we cover day-to-day expenses depending on the option.

## Day-to-day benefits paid by Fedhealth

### Unlimited network GP visits

Members on **flexiFED 1, 2, and 3** get unlimited consultations at a nominated Fedhealth Network GP once the Threshold level has been reached. Each beneficiary can nominate up to two network GPs. Limited to two mental health consultations per beneficiary, per year. Up to two network GP consultations per beneficiary for non-nominated GPs allowed per year (referred to as out-of-area); OR two non-network GP consultations per beneficiary up to the Fedhealth Rate.

**flexiFED 4:** members have unlimited consultations at a Network GP. Limited to two mental health consultations per beneficiary per year.

**flexiFED 4<sup>GRID</sup>** and **flexiFED 4<sup>Elect</sup>** members have unlimited consultations – at a nominated Network GP. Each beneficiary can nominate up to two network GPs. Limited to two mental health consultations per beneficiary per year. Up to two network GP consultations per beneficiary for non-nominated GPs allowed per year (referred to as out-of-area); OR two non-network GP consultations up to the Fedhealth Rate.

### Treatment for 30 days after discharge from hospital (post-hospitalisation benefit)

We pay for follow-up treatment that may be required after a hospital event for up to 30 days after the date of discharge. This treatment includes physiotherapy, x-rays and pathology, but does not cover follow-up consultations with specialists or GPs.

### Take-home medicine

We pay for seven days of take-home medication when the member is discharged from hospital. The medication can either be dispensed by the hospital and reflect on the original hospital account or be dispensed by a pharmacy on the same day as the member is discharged from hospital.

### Specialised radiology

We pay for MRI/ CT scans whether they are performed in- or out-of-hospital.

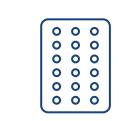

**flexiFED 1:** Unlimited at Fedhealth Rate. First R3 310 for each non-PMB MRI/ CT scan for member's own account.

**flexiFED 2, 3 & 4:** Unlimited at Fedhealth Rate. First R2 380 for each non-PMB MRI/ CT scan for member's own account.

### Trauma treatment at a casualty ward

We pay for emergency treatment, like stitches, at a casualty ward whether the member is admitted to hospital or not (unlimited up to the Fedhealth Rate). Authorisation must be obtained within 48 hours and a co-payment of R630 per visit for non-PMBs applies.

### Female contraception

We pay for female contraception including oral, patches, contraceptive rings, certain injectables, and IUDs that include Mirena® from Risk. It must be prescribed by a GP or gynaecologist and is not applicable to pills prescribed for acne.

# Cover for Day-to-day expenses

- **In-hospital dentistry for children under 7**

We pay for dentistry performed in-hospital for children up to the age of 7. The hospital account and anaesthetist costs are paid from the in-hospital benefit while the dentist's account comes from day-to-day benefits. This benefit does not apply to **flexiFED 1**.

- **Medical Savings Account**

The Savings Account pays for day-to-day expenses first (from the beginning of the year) and pays expenses up to the actual cost. In some cases, if the member has money available in their Savings Account, they can use this to pay co-payments. However, a co-payment for a Prescribed Minimum Benefit (PMB) condition cannot be paid from the Savings Account. The Savings Account works differently to other benefits in that the member carries any remaining amount over to the next year.

- **MediVault & Wallet**

Once the Savings Account runs out, the member will either have to pay for all their day-to-day medical expenses out of their own pocket, or they can access their MediVault.

With the MediVault, **flexiFED** members can either choose a **FIXED** or a **FLEXIBLE** repayment structure. If they choose **FIXED**, a pre-determined amount for day-to-day expenses will be transferred to their Wallet by the Scheme on 1 January for the year - pro-rated if they join after January. Members who choose **FLEXIBLE**, can transfer funds as and when they need it to their Wallet - and pay it back over 12 months interest free. This amount will not be pro-rated.

- **Threshold benefit**

On **flexiFED 1**, **flexiFED 2** and **flexiFED 3**

To access the Threshold benefit, members need to submit all day-to-day claims to accumulate to the Threshold level. All day-to-day expenses accumulate to the Threshold level at cost. Thereafter, certain claims will be paid from the Threshold benefit. These include preventative dentistry (**flexiFED 1**), basic dentistry (**flexiFED 2** and **3**) and unlimited nominated network GP visits.

On **flexiFED 4**

The Threshold benefit pays for certain day-to-day expenses once the member's claims have accumulated up to the required level. The Threshold level is reached through the accumulation of claims paid from the member's day-to-day benefit or self-funded through the year at the Fedhealth Rate. Certain benefit limits do not accumulate to Threshold. Where limits do accumulate, expenses will only accumulate up to this limit and this limit will also apply to refunds from Threshold. A 20% co-payment will apply to all claims paid from the Threshold benefit on **flexiFED 4**.

- **Maternity benefit**

The maternity benefits we offer differ according to the option:

**flexiFED 1:** The maternity benefit is paid from the Savings/ Wallet or self-funded by the member.

**flexiFED 2:** The member gets two x 2D scans, antenatal classes up to R1 120, eight ante- and/ or postnatal consultations with a midwife, network GP or gynaecologist, amniocentesis.

**flexiFED 3 and flexiFED 4:** This benefit covers two x 2D scans, antenatal classes up to R1 120, 12 ante- and/ or postnatal consultations with a midwife, network GP or gynaecologist, amniocentesis.

- **Fedhealth Baby Programme**

We offer a free maternity programme for pregnant members and beneficiaries offering support, advice and a handy baby bag.

- **Doula benefit**

We pay up to R3 000 per delivery for a Doula (a labour coach during natural childbirth).

- **Postnatal midwifery benefit**

We pay for four consultations per pregnancy with a midwife. This benefit applies to consultations both in- and out-of-hospital.

- **Early childhood benefits**

**Paediatric consultations**

The paediatric benefits we offer differ according to the option:

**flexiFED 1:** Paid from the Savings/ Wallet or self-funded by the member.

**flexiFED 2:** One consultation per beneficiary with a network paediatrician up to 12 months of age. No GP referral required.

**flexiFED 3 and flexiFED 4:** One consultation per beneficiary with a network paediatrician up to 24 months of age. No GP referral required.

**Infant hearing screening benefit**

We pay for a screening test including the consultation from birth up to the age of 8 weeks with an audiologist. This benefit is covered up to the Fedhealth Rate.

**Childhood illness specialised drug benefit**

We pay for specialised drugs for children up to 18 years old on **flexiFED 2, 3 and 4**.

- **Paed-IQ**

Paed-IQ is a free telephonic paediatric advice line for members with children up to the age of 14.

- **Optometry benefit**

The optometry benefits we offer differ according to the option:

**flexiFED 1 & 2:** Paid from the member's Savings/ Wallet or self-funded.

**flexiFED 3:** Limited to R1 860 per beneficiary every 24 months.

**flexiFED 4:** Paid from the member's Savings/ Wallet or self-funded.

- **Dentistry benefits**

On **flexiFED 1, 2 and 3**

Paid from Savings/ Wallet or self-funded. Once the Threshold level has been reached, the following benefits will be paid from the Threshold benefit: two annual consultations per beneficiary incl. x-rays, scaling and polishing (on **flexiFED 2 and 3**, fillings, extractions and root canal are also covered). Subject to contracted dentists and limited to a list of approved procedures, dental tariff codes and protocols.

# flexiFED day-to-day benefits

Under the day-to-day benefit, we cover services like physiotherapy and dentistry.

# flexiFED

## Threshold benefits

### flexiFED 1, 2 and 3

To access the Threshold benefit, members need to submit all day-to-day claims to accumulate to the Threshold level. All day-to-day expenses accumulate to the Threshold level at cost. Thereafter, certain claims will be paid from the Threshold benefit. These include preventative dentistry (flexiFED 1), basic dentistry (flexiFED 2 and 3) and unlimited nominated network GP visits.

### flexiFED 4

The Threshold benefit pays for certain day-to-day expenses once the member's claims have accumulated up to the required level. The Threshold level is reached through the accumulation of claims paid from the member's Savings/ MediVault or self-funded through the year at the Fedhealth Rate. Certain benefit limits do not accumulate to Threshold. Where limits do accumulate, expenses will only accumulate up to this limit and this limit will also apply to refunds from Threshold. A 20% co-payment will apply to all claims paid from the Threshold benefit. No co-payment will apply to GP and specialist consultations in-network.

Threshold levels	flexiFED 1	flexiFED 2	flexiFED 3	flexiFED 4
M	R4 100	R4 700	R5 600	R14 700
M + 1	R6 600	R8 700	R10 600	R26 700

M + 2+	R9 700	R11 800	R14 300	R33 900

# The MediVault and Wallet

## How day-to-day benefits work on flexiFED

Fedhealth uses the revolutionary MediVault to pay for day-to-day benefits. In the next step we will look at how the MediVault system works in more detail, but for now it's important to understand that the MediVault system makes a pre-determined amount of money available to you for your day-to-day benefits, but you only pay for the portion of your MediVault allowance that you actually use – not all of it. This is what makes the MediVault a game changer. With other medical aid schemes you pay for your day-to-day funds in full from the beginning of the year... as if you've already transferred your full MediVault from the outset. **Why should you pay for something you haven't used yet?**

## THE CHOICE IS YOURS

With Fedhealth, you choose whether you prefer the control and upfront savings of the MediVault system where you choose a **FLEXIBLE** repayment structure, or the familiarity and simplicity of the old-school **FIXED** repayment structure.

### FLEXIBLE:

If you select the **FLEXIBLE** option, you simply transfer funds from your MediVault to your Wallet **when you need to pay for day-to-day medical expenses**. The funds you transfer to your Wallet are then repaid over 12 months, interest free.

### FIXED

If you select the **FIXED** option, a **pre-determined amount** is transferred to your Wallet in the **beginning of the year**, and that is your day-to-day benefit for the year. You do not have to transfer funds from your MediVault to your Wallet. This will be done on your behalf at the beginning of every year.

## How much is in the MediVault?

How much is in the MediVault	flexiFED 1	flexiFED 2	flexiFED 3	flexiFED 4
M	R9 300	R9 900	R11 100	R14 700
M + 1	R12 900	R15 300	R16 800	R26 700
M + 2	R14 100	R21 000	R22 200	R30 300
M + 2+	R15 300	R24 600	R26 100	R33 900

How much is in the MediVault	flexiFED 1	flexiFED 2	flexiFED 3	flexiFED 4
M	R3 600	R4 800	R7 200	R12 000
M + 1	R5 400	R7 200	R9 600	R21 000
M + 2	R6 600	R11 400	R12 600	R24 000
M + 2+	R8 400	R15 000	R15 000	R27 600

## How does the MediVault and Wallet work for the **FLEXIBLE REPAYMENT STRUCTURE**?

An **allocated amount** based on your option and family composition will be available in your **MediVault**. If you don't use it, you don't pay for it.

**Transfer funds from the MediVault to your Wallet** as and when required. Claims for day-to-day expenses will be paid from your Wallet.

**Only pay back amounts transferred from the MediVault to Wallet** over a rolling 12-month or shorter period.

## How does the MediVault and Wallet work for the **FIXED REPAYMENT STRUCTURE**?

**It's done on your behalf in the beginning of the year, so you don't need to worry about a thing!**

**Activating the MediVault on the FLEXIBLE option** and transferring funds into the Wallet Members can do so in four ways:

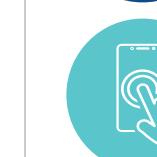

Call the **Fedhealth Customer Contact Centre** on **0860 002 153** for assistance.

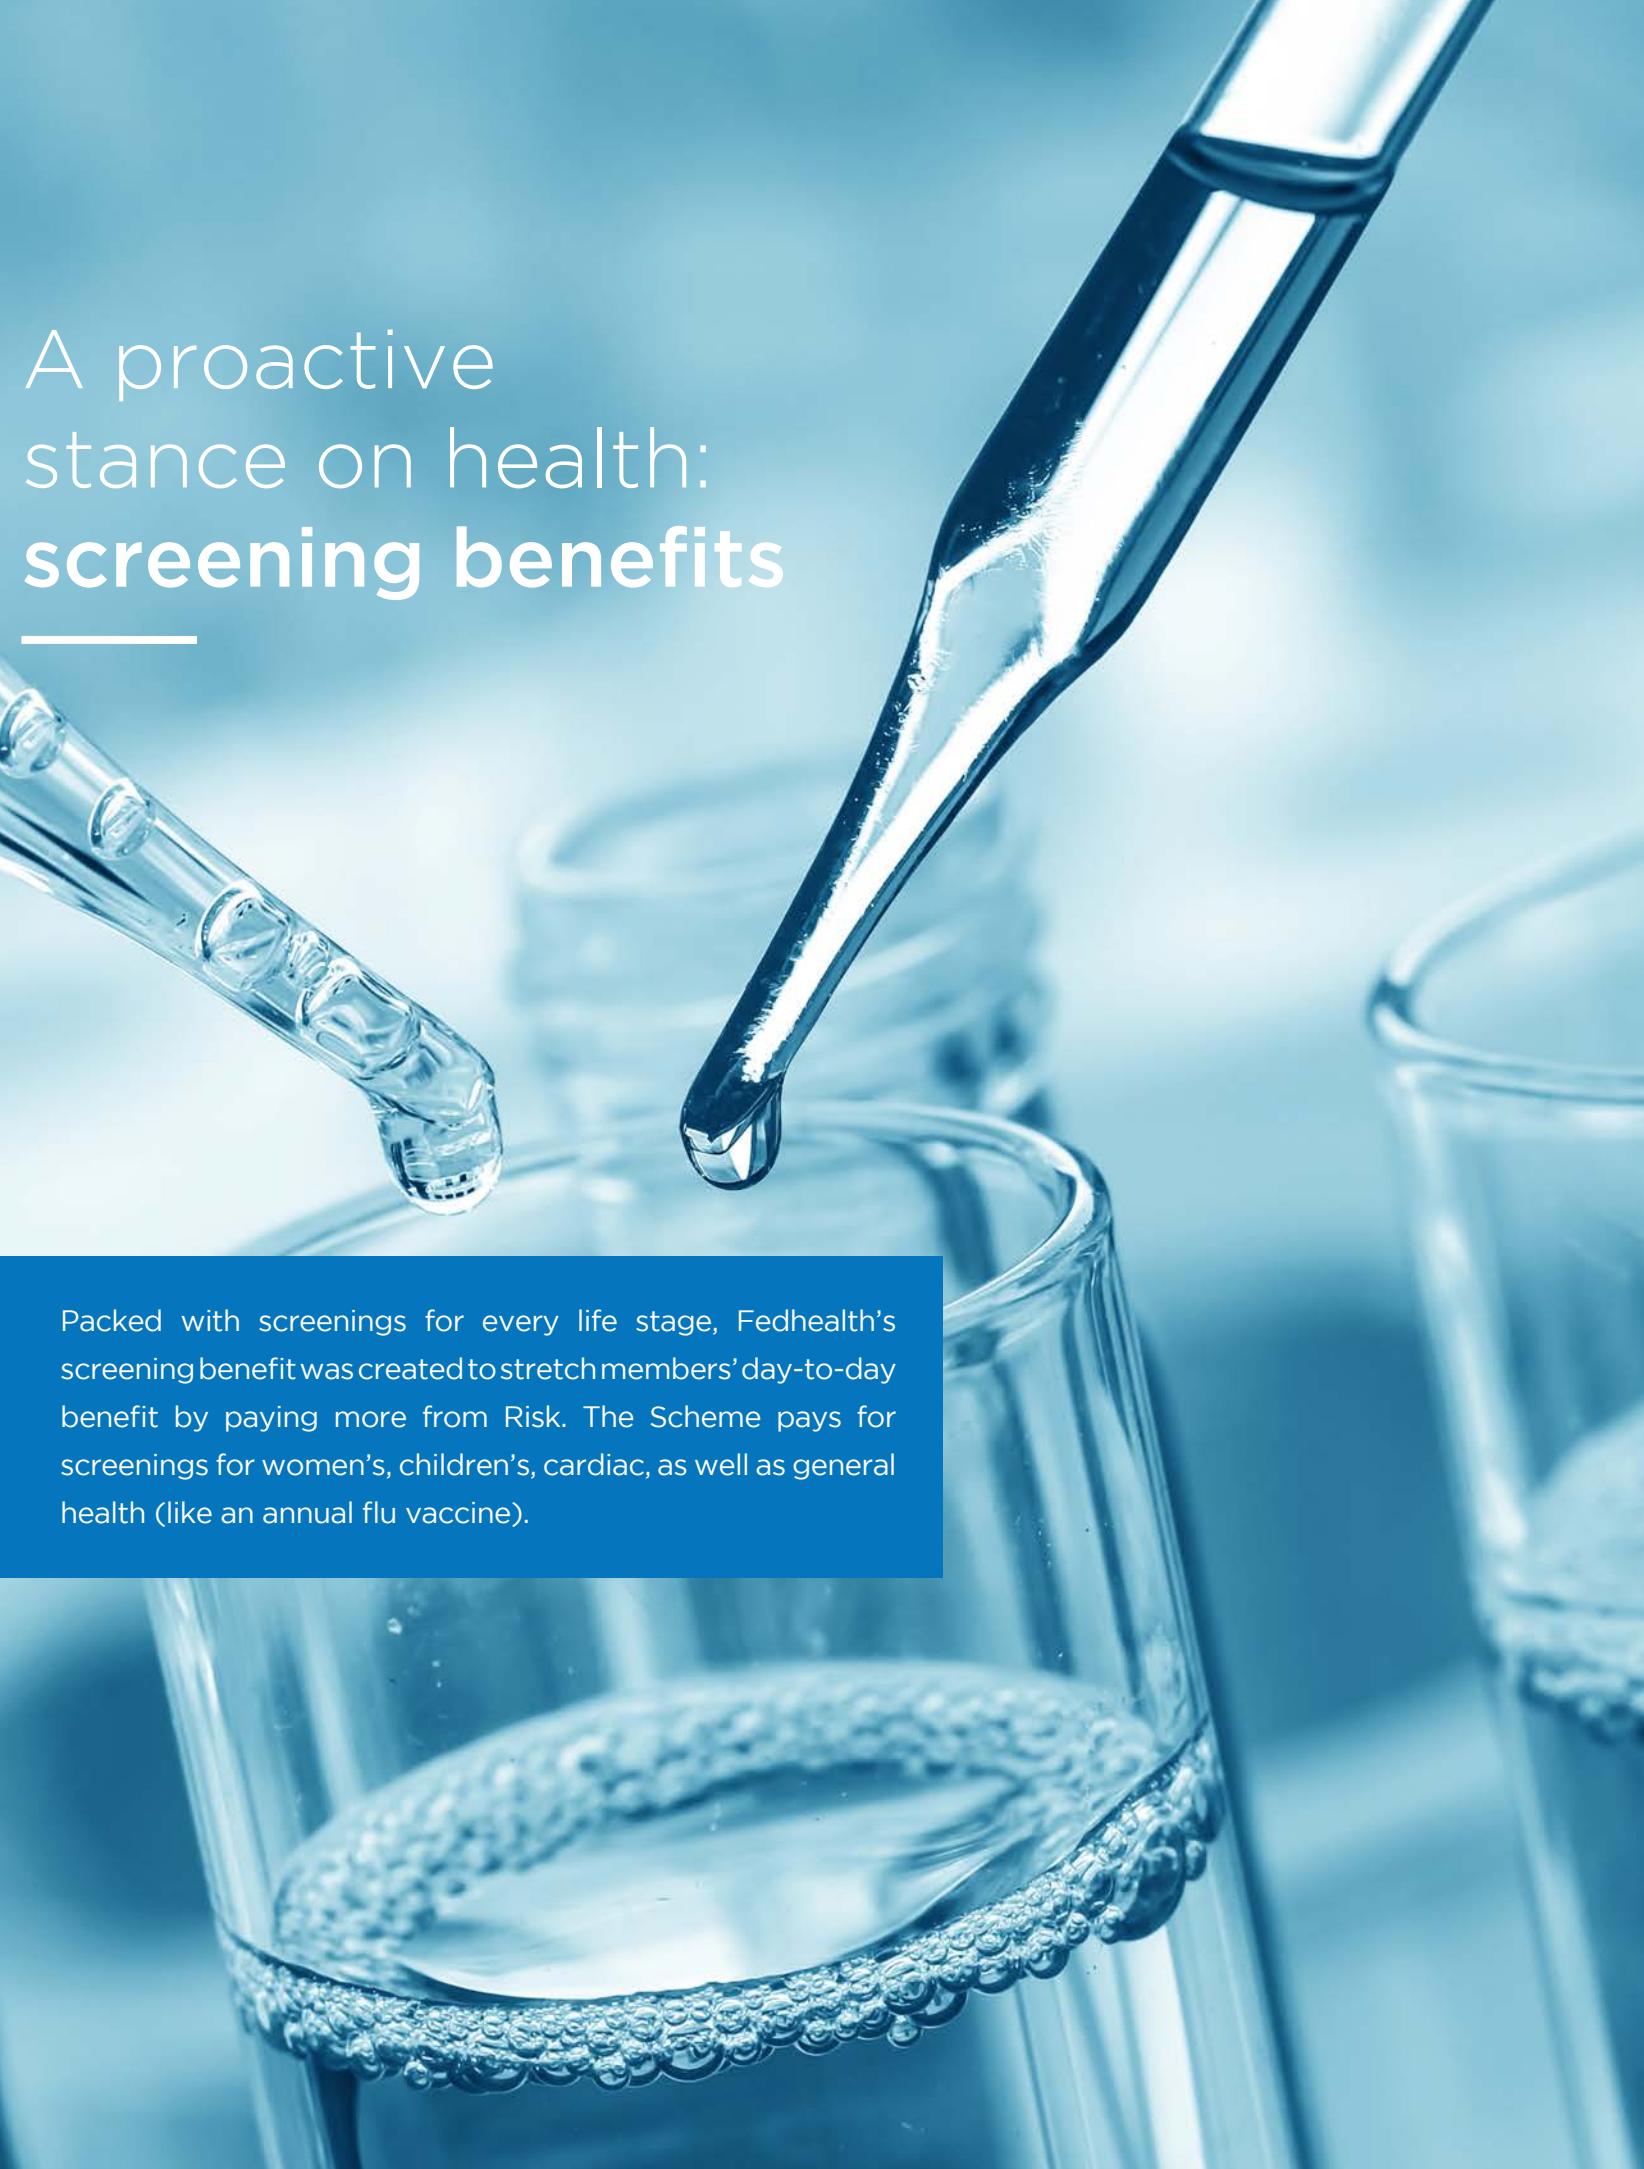

Login to the **Fedhealth Family Room online member portal** and follow the prompts.

Call our USSD line on **\*134\*999\*memberno#** and follow the prompts.

Use the **Fedhealth Member App**.

# A proactive stance on health: **screening benefits**

Packed with screenings for every life stage, Fedhealth's screening benefit was created to stretch members' day-to-day benefit by paying more from Risk. The Scheme pays for screenings for women's, children's, cardiac, as well as general health (like an annual flu vaccine).

## Screening benefit

This benefit covers the tests and assessments done to help members either prevent illness or address specific conditions they may already have.

Women's Health		
Cervical cancer screening (Pap smear)	Women; ages 21 to 65	1 every 3 years
Men's Health		
Prostate Specific Antigen (PSA)	Men; ages 45 to 69	1 every year
Children's Health		
Immunisation Programme (as per State EPI) *Optical Screening (tariff code 11001)	Birth to 12 years All lives; ages 5 to 8	Various 1 per lifetime
Cardiac Health		
Cholesterol screening (full lipogram)	All lives; aged 20 and older	1 every 5 years
Over 45's		
Breast cancer screening with mammography	All lives; aged 45 and older	1 every 3 years
Colorectal cancer screening (faecal occult blood test)	All lives; ages 50 to 75	1 every year
Pneumococcal vaccination	All lives; aged 65 and older	1 per lifetime
General		
Flu vaccination	All lives	1 every year
HIV finger prick test	All lives	1 every year
Health risk assessments		
Wellness screening (BMI, blood pressure, finger prick cholesterol & glucose tests)	All lives	1 every year
Preventative screening (waist-to-hip ratio, body fat %, flexibility, posture & fitness)	All lives	1 every year

\*Only available on flexiFED 4

# Additional benefits

Additional valuable benefits that give members more support.

## Fedhealth Nurse Line

Professional nurses are always on the other end of our toll-free 24-hour line to provide advice on issues like medical emergencies, symptoms, medication side-effects, stress management and teenage support.

## Paed-IQ

A South African medical information company that provides information and services to parents and caregivers that enhance the level of care they can offer their children up to 14 years old.

## Fedhealth Baby Programme

Free baby goodies, support and advice for all parents-to-be. Pregnant members or dependants receive a Fedhealth baby bag filled with baby product samples, discount vouchers and a baby handbook. They also have access to professional advice when they need it.

## Emergency transport/ response

Through our partner Europ Assistance, we provide all members with emergency transport in an emergency situation.

## Emotional wellbeing programme

Available to all Fedhealth members and beneficiaries, our emotional wellbeing programme provides 24-hour telephonic advice and support to help members deal with issues like stress at work, relationship issues, bullying at school and teenage troubles.

Following these telephonic sessions, we can put the member in touch with a psychologist for one-on-one sessions at a reduced rate, should they need it. Plus, we'll send the member useful communications about financial, legal and trauma advice. This life coaching/ lifestyle wellness service is run by a care centre and is available, night or day, via the telephone, email, SMS and a call-back facility.

## MediTaxi

MediTaxi is a medical taxi service available to Fedhealth members who've had hospital authorisations in Cape Town, Johannesburg, Pretoria and Durban. Members can access the 24/7 MediTaxi benefit to take them to follow-up doctor's appointments, if they've undergone an authorised operation or medical treatment that prevents them from driving. Limited to two return trips per member/beneficiary per annum.

## SOS Call Me

Fedhealth's user-friendly USSD call back service is free to all Fedhealth members and their dependants. Members can select three options on the service: 1. Emergency Medical Services (EMS), 2. Nurse Line and 3. MediTaxi.

## Upgrades within 30 days of a life-changing event

Members can upgrade to a higher option with better benefits ANY time of the year in the case of marriage of the main member, pregnancy or the diagnosis of a dread disease within 30 days of the life-changing event taking place. Some dread diseases that qualify include: cancer, renal failure, multiple sclerosis, diabetes, stroke, neurological disorders, HIV/ AIDS, cardiac conditions, Parkinson's disease, Alzheimer's disease, Amyotrophic lateral sclerosis (ALS) a.k.a. motor neurone disease.

## Child rates for financially dependent children up to the age of 27

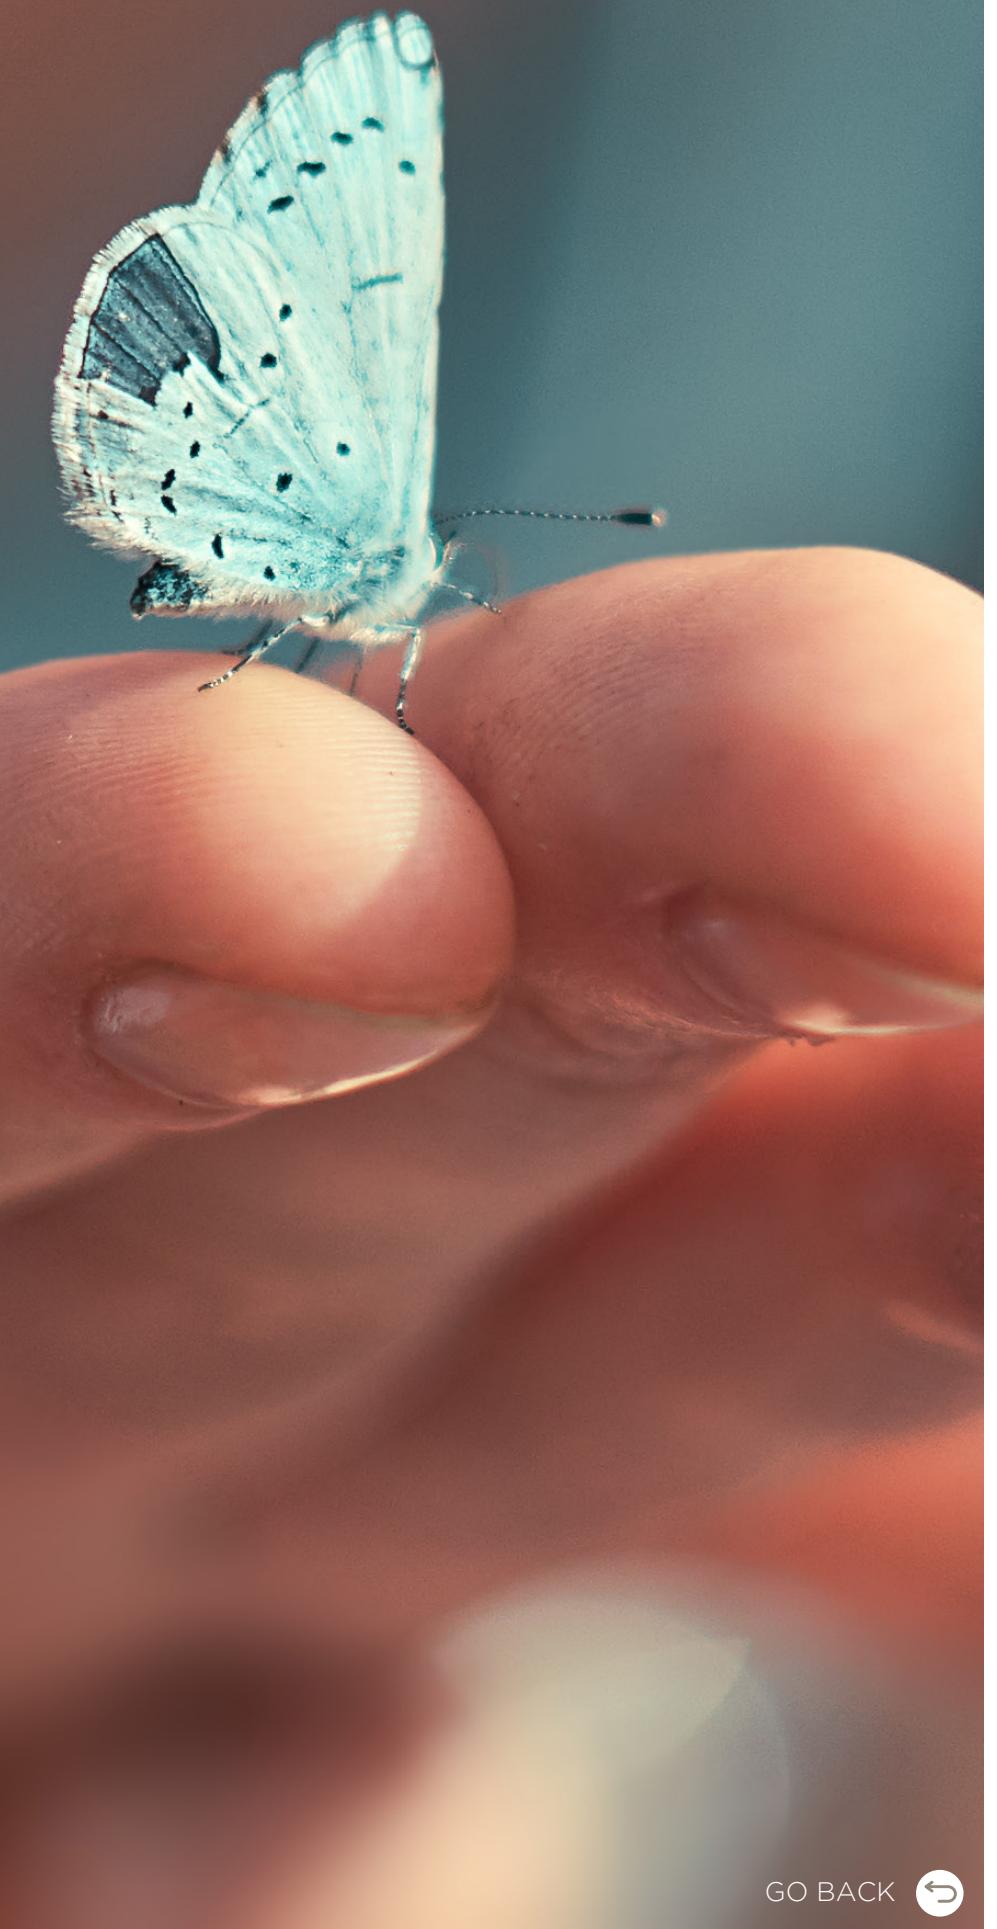

Fedhealth charges child rates for financially dependent children up to the age of 27. This means that student dependants pay rates applicable to children, as long as they're unmarried and not earning more than the maximum social pension.

## Only pay for three children

The Scheme only charges for three child dependants, the fourth and subsequent children are covered for free.

Giving our members more value and support when they need it.

# Programmes and wellness initiatives

- **Corporate wellness days**

Corporate wellness days provide the opportunity to create awareness, education, prevention, screening and targeted interventions that support positive lifestyle changes. These days are well-received, as it is convenient for Fedhealth members to have these services at their place of work. In addition to the clinical value that can be derived from wellness days, they provide Fedhealth with the opportunity to market the Scheme to clients and potential clients.

- **Health Risk Assessments**

This benefit aims to identify members who are at risk of developing lifestyle diseases, and either help them prevent the onset through suitable lifestyle interventions, or help them manage their disease with practical advice and utilisation of Scheme benefits. A Health Risk Assessment can be requested at participating pharmacies and BASA registered biokineticists.

- **Sisters-on-Site**

Fedhealth partnered with SOS Corporate Wellness (Sisters-on-Site) to offer a nursing Sister-on-Site at our members' workplaces. With the employer's influence, we aim to identify and address the organisation's specific areas of concern. By helping members change their behaviour patterns and choose healthier lifestyles, we aim to reduce healthcare expenditure (particularly on day-to-day utilisation), absenteeism, turnover rates, worker's compensation claims and tardiness.

- **Fedhealth Conservative Back and Neck Rehabilitation Programme**

Fedhealth has an established intervention for members suffering from back and neck problems. Built on the principle of active muscle reconditioning, it's supported by clinical studies showing that exercise reduces pain and can normalise function in many instances. The programme takes a comprehensive and holistic approach to chronic back and neck pain and offers individualised treatment to qualifying members. After an initial assessment, beneficiaries may receive treatment up to twice a week for six weeks and a home based protocol for long-term care. Email [backandneck@fedhealth.co.za](mailto:backandneck@fedhealth.co.za) for more information about the programme.

- **Mental Health Programme  
On flexiFED 4**

Fedhealth's Mental Health Programme is available to all qualifying members who have been diagnosed with mental health conditions including depression and bipolar mood disorder. The programme uses innovative solutions for member empowerment and education with the aid of a dedicated Care Manager. Email [mentalhealth@fedhealth.co.za](mailto:mentalhealth@fedhealth.co.za) for more information.

- **Weight Management Programme**

The Weight Management Programme is an intervention expertly designed for qualifying Fedhealth members with a high BMI and waist circumference. Members participate in a 12-week, biokineticist-led intervention plan that gives them access to a dietitian and psychologist with the goal to lose the excess weight and lead healthier, more rewarding lives. Once the programme is completed, ongoing advice and monitoring is available for continued support. Email [weightmanagement@fedhealth.co.za](mailto:weightmanagement@fedhealth.co.za) for more information. This benefit is available every two years.

- **GoSmokeFree Smoking Cessation Programme**

Fedhealth is encouraging members who smoke to sign up for the GoSmokeFree service that's available at 200 pharmacies countrywide, including Dis-Chem, Clicks, Pick n Pay and independent pharmacies. All smokers have a yearly benefit for the GoSmokeFree programme which is payable from risk benefits. The service comprises a pre-quit assessment and support sessions and features an individual plan to help with smoking cessation. Visit [gosmokefree.co.za](http://gosmokefree.co.za) to find out more about this benefit.

- **Aid for AIDS (HIV Management)**

Fedhealth offers the Aid for AIDS (AfA) programme to help members who are HIV-positive manage their condition. The benefits of being on the programme (over and above the payment of the necessary medicine and pathology claims), include clinical and emotional support with the utmost confidentiality.

- **Paed IQ**

Paed IQ is a 24/7 telephone advisory service available to all parents with children under the age of 14 years. This service aims to support and advise parents on any healthcare related childcare issues. Call **0860 444 128** to access this great service.

- **Diabetes Care**

We provide members with diabetes access to a comprehensive programme that is tailored to their needs and other chronic conditions they might have. This includes continued access to a treating doctor, authorised chronic medication, blood and laboratory tests, a Health Coach, online tools and information to empower the member. Members can call **0860 002 153** or email [diabeticcare@fedhealth.co.za](mailto:diabeticcare@fedhealth.co.za)

# @FedhealthMed at your service

We use the latest technology platforms to ensure members can reach us, anywhere, anytime in a way they prefer.

## Fedhealth website

The Fedhealth website, [fedhealth.co.za](http://fedhealth.co.za), provides easy-to-navigate information on the various Fedhealth options, step-by-step instructions on how to submit claims etc., Scheme news, and also hosts the informative Living Fedhealthy blog – filled with lifestyle and wellness topics.

## Fedhealth Family Room

Fedhealth's online member portal makes members' interaction with the Scheme more hassle-free, informative and rewarding. Here, members can:

- **Manage their membership** by updating contact details, viewing and submitting claims, seeing how much Savings they've got left, activating their MediVault and making transfers to their Wallet, registering for chronic medication and obtaining hospital authorisations.

## LiveChat and chatbot

LiveChat is a functionality that's available to members via [fedhealth.co.za](http://fedhealth.co.za). They can type in their queries and one of our LiveChat agents will assist them online. The Fedhealth chatbot can be used for all members' queries about the MediVault and Wallet, and is also accessed through [fedhealth.co.za](http://fedhealth.co.za).

## Fedhealth Member App

Our new app has been designed to help simplify your interaction with Fedhealth. Available from the [Google Play Store](#) and [Apple App store](#), it lets you manage your MediVault, download your e-card, view your option's benefits, and set medication reminders, to name but a few.

## Fedhealth WhatsApp bot

This Fedhealth service is completely private and secure, and easy to use – simply choose from self-service actions like getting your tax certificate or seeing your e-card to share with your GP. To get started, just add the number **060 070 2479** as a contact and then type 'hi' to get the conversation started, from your mobile device.

## Network GP, specialist and hospital locator

Members may access the provider locator via the Fedhealth website or the **Fedhealth Family Room** to find a GP, specialist or hospital on the Fedhealth network. Go to [www.fedhealth.co.za/provider-locator](http://www.fedhealth.co.za/provider-locator)
